BRIEF FACTS

The Petitioner is an agriculturist and is farming in Sy. No. 151 totally measuring 4.5 hectares of Kondikoppa Village, Naval Gund Taluka. The Petitioner had procured agricultural insurance for Kharif crop for the year 2014 provided by Respondent No. 3 – Insurance Company, and the premium amount was duly paid within prescribed time limit, to Respondent No. 4. The Petitioner is covered under the provisions, terms and conditions of the "Weather Based Crop Insurance Scheme" ("the WBCIS"), formulated by the Respondent No. 1 under the National Crop Insurance Programme ("the NCIP"). The Respondent No. 1 has issued Operational Guidelines dated 04.02.2014 under the NCIP for the State Governments to choose insurance schemes best suited for their indigenous and local requisites. The Respondent No. 2 has chosen to adopt "Component II - Weather Based Crop Insurance Scheme" for the State of Karnataka.

The WBCIS formulated by the Respondent No. 1 is a comprehensive scheme, which provides for framework for its operation, guidelines for computation of the compensation amount, and constitution of State Level Coordination Committee on Crop Insurance ("the SLCCCI") consisting of experts, scientists, representatives of State, farmer's representatives and representatives of insurance companies. The WBCIS is a pioneering, an innovative initiative of the Respondent No. 1 aimed to mitigate the hardship of the insured farmers against the likelihood of financial loss on account of anticipated crop loss resulting from incidence of adverse conditions of weather parameters like rainfall, temperature, frost, humidity etc. As per Clause 30.1 of the Guidelines, a crop season shall be segregated in 3 to 4 phases according to the important activities taking place in growth cycle of a crop (i.e., critical stages). As a general rule, there are 3 -4 key stages in a crop season, depending of the kind of crop, i.e., (i) Sowing and Germination, (ii) Vegetative and Growth, (iii) Flowering and Pegging, (iv) Pod formation and Maturity. The requirement of rainfall / weather parameters should be

assessed for each fortnight / month according to historical data for each stage of growth cycle of a crop (critical stages). Consequently, the 'Triggers' have to be fixed for every stage in view of the water requirement for each particular crop to produce normal yield. The clause further lays down that the payout triggers should be fixed strictly according to the demonstrated correlation with requirement of weather parameters to the crop at each critical stages. Therefore, the said Guidelines stipulates the mandatory procedure that ought to be followed by the State Governments for preparation of Term Sheet.

However, the Respondent No. 2 has issued the impugned Term Sheet contrary to the Guidelines. Due to the miscalculations in the impugned Term Sheet, the Petitioner was not compensated on the ground that the overall rainfall (for the entire crop season) was reported normal. On the other hand, in actuality, due to untimely and erratic rainfall, i.e., deficit rainfall in the month of June and September and excess rainfall in August, the Petitioner suffered huge crop loss. Consequently, the impugned Term Sheet is contrary to the recommendations of SLCCCI, and the said Guidelines prescribed by the NCIP, therefore, deserve to be quashed. The impugned Term Sheet is unsustainable and without any legal basis and deserves to be quashed in limine.

Hence, this Writ Petition.

**MEMORANDUM OF WRIT PETITION
UNDER ARTICLES 226 & 227 OF CONSTITUTION OF INDIA**

The Petitioner submit as follows –

1. This Petition is filed seeking for a Writ of Certiorari to quash the "Term Sheet" notified by the Department of Agriculture, Government of Karnataka, - Respondent No. 2 dated 15.04.2014 insofar as Annigeri Hobli, which is de hors the guidelines and outlines dated 04.02.2014 issued by the

Department of Agriculture, Co-operation & Farmers Welfare - Respondent.

No. 1. A copy of the "Term Sheet" for the related crops dated 15.04.2014 (hereinafter referred to as "*the impugned Term Sheet*") is produced herewith and is marked as **ANNEXURE "A"**. The Petitioner is further seeking for a Writ of Mandamus to the Respondents to pay the Petitioner the sum assured under the agricultural insurance policy.

2. The Petitioner is an agriculturist and is farming in Sy. No. 151 totally measuring 4.5 hectares of Kondikoppa Village, Navalgund Taluka. A copy of the Record of Rights of the above named agricultural lands is produced herewith and is marked as **ANNEXURE B**. The Petitioner had procured agricultural insurance for Kharif crop as detailed below for the year 2014 provided by Respondent No. 3 – Insurance Company, and the premium amount was duly paid within prescribed time limit, to Respondent No. 4.

Sy. No.	Crop	Area (in Hectares)	Sum Insured	Premium Amount
151	Chilli - RF	1.5	107200.00	6432.00
	Cotton - RF	1.5	53134.00	3188.00
	Onion - RF	1.5	89600.00	5376.00
	Total	4.5	249934.00	14996.00

A copy of the receipt acknowledging due remittance of the premium amount to Respondent No. 4 is produced herewith and is marked as **ANNEXURE "C", "C1" & "C2"**. However, after due remittance of the premium amount, the Respondents have not issued policy Cover Note. Hence, a copy of the same is not annexed to this Writ Petition.

3. The Petitioner is covered under the provisions, terms and conditions of the "Weather Based Crop Insurance Scheme" (hereinafter referred to as "*the WBCIS*"), formulated by the Respondent No. 1 under the National Crop Insurance Programme (hereinafter referred to as "*the NCIP*"). The Respondent No. 1 has issued Operational Guidelines dated 04.02.2014

(hereinafter referred to as "*the said Guidelines*") under the NCIP for the State Governments to choose insurance schemes best suited for their indigenous and local requisites. The Respondent No. 2 has chosen to adopt "*Component II - Weather Based Crop Insurance Scheme*" for the State of Karnataka. The WBCIS *aims to mitigate the hardship of the insured farmers against the likelihood of financial loss on account of anticipated crop loss resulting from adverse weather conditions including fluctuation in rainfall, temperature, wind, humidity, etc.* A copy of the WBCIS operational guidelines (relevant portion) of the NCIP dated 04.02.2014 issued by the Respondent No. 1 is produced herewith and is marked as ANNEXURE "D". All farmers, including sharecroppers and tenant farmers growing notified crops in notified areas were eligible for coverage under the WBCIS. The *compulsory component* of the scheme envisages that all farmers availing of Seasonal Agricultural loans from financial institutions for notified crops would be compulsorily covered. The scheme is optional for non loanee farmers. The concerned Bank Branches were instructed to debit the account of the loanee farmer with insurance premium for covering eligible crops, without an option to the loanee farmer to oppose such debit. Since all loanee farmers are automatically covered under the scheme, it is mandatory for the concerned banks to deposit the premium with the Insurance Company. As the scheme has been *made compulsory for loanee farmers, the premium collection and disbursement of claims is automatic and does not involve any aspect of consent or agreement.*

4. The WBCIS formulated by the Respondent No. 1 is a comprehensive scheme, which provides framework for its operation, guidelines for computation of the compensation amount, and constitution of State Level Coordination Committee on Crop Insurance (hereinafter referred to as "*the SLCCCI*") consisting of experts, scientists, representatives of State, farmer's representatives and representatives of insurance companies. The WBCIS is

a pioneering, an innovative initiative of the Respondent No. 1 aimed to mitigate the hardship of the insured farmers against the likelihood of financial loss on account of anticipated crop loss resulting from incidence of adverse conditions of weather parameters like rainfall, temperature, frost, humidity etc. *While crop insurance specifically indemnifies the cultivator against shortfall in crop yield, the WBCIS is based on the fact that weather conditions affect crop production even when a cultivator has taken all the care to ensure good harvest. Historical correlation studies of crop yield with weather parameters help in developing weather thresholds (triggers) beyond which crop get affected adversely. The Payout structures (compensation) are developed to compensate cultivators to the extent of losses deemed to have been suffered by them using the weather triggers.* In other words, the WBCIS uses weather parameters as 'proxy' for crop yields in compensating the cultivators for deemed crop losses. The WBCIS provides compensation against adverse rainfall incidence (both deficit & excess) during Kharif and adverse incidence in weather parameters like frost, heat, relative humidity, un-seasonal rainfall etc. during Rabi. The WBCIS is not yield guarantee insurance. The inspiration of the WBCIS is best suited agricultural insurance for the State of Karnataka, as crops cultivated in the State are customarily rain fed, therefore, farmers are backed up by insurance in case of adversity.

5. As the WBCIS operates on the concept of "Area Approach" i.e., for the purposes of compensation, a 'Reference Unit Area' ("RUA") shall be deemed to be a homogeneous unit of Insurance. The Respondent No. 2 – State Government shall notify the RUA before the commencement of the season and all the insured cultivators of a particular insured crop in that Area will be deemed to be on par in the assessment of claims. Each RUA is linked to a Reference Weather Station (RWS), on the basis of which current weather data and the claims would be processed. The Respondent No. 2

has implemented the WBCIS in the State at Hobli Level, i.e., considering each Hobli to be a particular RUA. Adverse Weather Incidences, if any during the current season would entitle the insured a payout, subject to the weather triggers defined in the 'Payout Structure' and the terms & conditions of the Scheme. The "Area Approach" is as opposed to "Individual Approach", where claim assessment is made for every individual insured farmer who has suffered a loss. Insured cultivators would become eligible for compensation if the "Actual Weather" Data recorded at a RWS during the specified time period shows deviation (Adverse Weather Incidence) as compared to the specified "Trigger Weather". In such case, the specified 'crop' in that particular RUA shall be deemed to have suffered the same level of Adverse Weather Incidence, and consequently the same proportion of loss of crop yield, and hence, become eligible for same proportion of compensation.

6. The Respondent No. 1 in the said Guidelines has mandated the procedure that is *de rigueur* on the State Governments for calculation of "Term Sheet" (Annexure D). The said guidelines prescribes the well-defined and precise mode and manner for preparation of Term Sheet. However, the preparation of the actual Term Sheets for crops in a particular State is delegated to the State Governments in order to meet the local / territorial needs. Nonetheless, the Respondent No. 2 ought to prepare the Term Sheet for every crop in the State in orderly manner based on scientifically determined "*Crop – Water requirements*" as enunciated by the Respondent No. 1 in the said Guidelines. As per *Clause 30.1* of the said Guidelines, a crop season shall be *segregated in 3 to 4 phases according to the important activities taking place in growth cycle of a crop*(i.e., critical stages). As a general rule, there are 3 -4 key stages in a crop season, depending of the kind of crop, i.e., (i) Sowing and Germination, (ii) Vegetative and Growth, (iii) Flowering and Pegging, (iv) Pod formation and Maturity. The requirement of

rainfall / weather parameters should be assessed for each fortnight / month according to historical data for each stage of growth cycle of a crop (critical stages). Consequently, the 'Triggers' have to be fixed for every stage in view of the water requirement for each particular crop to produce normal yield. The clause further lays down that *the payout triggers should be fixed strictly according to the demonstrated correlation with requirement of weather parameters to the crop at each critical stages*. Therefore, the said Guidelines stipulates the mandatory procedure that ought to be followed by the State Governments for preparation of Term Sheet. *The objective is to formulate a correlation between stage of growth cycle of a crop, weather parameters (rainfall), triggers (based on historical data) and compensation payable to the farmers.* A copy of the Term Sheet prepared by States Jammu & Kashmir, Chhattisgarh, Rajasthan, Andhra Pradesh and Maharashtra in pursuance to the said guidelines are produced herewith and marked as ANNEXURE "E" "E 1" "E 2" "E 3" & "E 4". It is pertinent to note that the Respondent No. 2 has prepared the Term Sheet as per the said Guidelines for other Hoblis in the State including the neighbouring Hoblis of the Petitioner. A copy of the Term Sheet prepared by Respondent No. 2 for neighbouring Hoblis of Amminbhavi and Garag dated 15.04.2014 are produced herewith and marked as ANNEXURE "F". Nevertheless, the Respondent No. 2, has arbitrarily and without application of mind has discriminated against the Petitioner by notifying the impugned Term Sheets which are contrary to the said guidelines.

7. The Respondent No. 2 has constituted a co-ordination Committee, as mandated under *Clause 3.3* of the said Guidelines, the SLCCCI. However, the representation of the Farmers was omitted from the constitution of the SLCCCI. The Chairman, SLCCCI, in one of its meetings held on 27.03.2014 expressed concern over fixing triggers under the WBCIS. He further instructed Scientists of all State Agricultural Universities and Department of

*Agriculture to suggest crop wise uniform triggers under the WBCIS. The Scientists of all State Agricultural Universities were directed to verify the Term sheets submitted by Insurance Companies for better phase-wise Triggers. A copy of the Proceedings of the Meeting of the SLCCCI held on 27.03.2014 is produced herewith and is marked as **ANNEXURE "G"**. Conversely, the Respondent No. 2 without pursuing the recommendations of the SLCCCI issued Notification on 15.04.2014 implementing the WBCIS for Kharif 2014. The fundamental recommendations of the SLCCCI was not reviewed and appraised before implementation of the Term Sheet. The laxity and non – application of mind to the impugned Term Sheet by Respondent No. 2 is evident as the impugned Term Sheet is contrary to the said Guidelines and also to the recommendations of the SLCCCI. Despite the recommendations of the SLCCCI, the Respondent No. 2 has casually and hastily notified the impugned Term Sheet. The impugned Term Sheets are contrary to the profundity of the said Guidelines, consequently, are bad in law and deserves to be quashed.*

8. The impugned Term Sheet is contrary to the said Guidelines and the recommendations of the SLCCCI. As the *Primarily*, the impugned Term Sheet has not segregated the crop season into 3 or 4 phases depending upon the growth cycle of a crop. Contrarily, the impugned Term Sheet has *only one stage for entire crop season*, which is unworkable and irrational. *Secondly*, as the impugned Term Sheet has not segregated the crop season, as mandated under Clause 30.1 of the said Guidelines, *the Weather Parameters for each stage of a crop season is not assessed based on historical data*. Hence, the "Triggers" notified in the impugned Term Sheet is not for a phase / stage of crop season, *but for the entire crop season*. Evidently, the moisture / rainfall requirement for any particular crop cannot be uniform at all stages of farming, and/ or a totality of rainfall during a crop season cannot be considered equalling to rainfall at vital stages of a crop

season. Furthermore, the "Trigger Levels" notified in the impugned Term Sheet are unscientific and unreasonable, and no has semblance of historical data. *Lastly*, a standard period consisting of 165 days (June to mid-November) was notified for all Kharif crops. Obviously, the duration of all the crops of Kharif is not one and the same. Thus, the impugned Term Sheet is perverse and unfounded. Due to these miscalculations in the impugned Term Sheet, the Petitioner was not compensated on the ground that the overall rainfall (for the entire crop season) was reported normal. On the other hand, in actuality, due to untimely and erratic rainfall, i.e., deficit rainfall in the month of June and September and excess rainfall in August, the Petitioner suffered huge crop loss. Consequently, the impugned Term Sheet is divergent to ethos of the WBCIS, recommendations of SLCCCI, and the said Guidelines prescribed by the NCIP, therefore, deserve to be quashed.

9. Owing to these miscalculations in the impugned Term Sheet, the farmers in the Hobli were not compensated, and many farmers committed suicide due to failure of crop. Failure of crop, without an option, leads to incapacity to meet livelihood and income to pay debts. Many farmers like the Petitioner herein were constrained to protest against the impugned Term Sheet and demand for correction, and payment of compensation as prescribed under the said Guidelines. On repeated protest by the Farmers, the Deputy Commissioner, Dharwad, convened a meeting on 01.08.2015, with the representatives of the farmers and the constituency MLA of Navalgund Taluka. The minutes of the meeting clearly disclose that the Respondent No. 2 has erroneously, without application of mind to the recommendations of the SLCCCI has issued the impugned Term Sheet, which is contrary to the said guidelines, for reasons stated supra. The Deputy Commissioner, Dharwad, along with Joint Director of Agriculture, Dharwad, on the basis of the meeting, suggested recommendations to

Respondent No. 2, bringing to light the discrepancies in the impugned Term Sheet. The recommendations importantly, suggests implementation of phase – wise triggers as per the said Guidelines, to reduce the notified Trigger Levels based on 5 year data, to implement dry day index, and phase-wise excess/ deficit rainfall index. They further suggested to notify Term Sheet at District level instead of Hobli Level for each crop grown in the District. A copy of the minutes of the meeting held on 01.08.2015 and the recommendations made thereon by the Deputy Commissioner, Dharwad, along with Joint Director of Agriculture, Dharwad, to the Respondent No. 2 is produced herewith and is marked as ANNEXURE “H” & “H 1”.

10. The recommendations made by the Deputy Commissioner, Dharwad, to the Respondent No. 2 was not considered and acted upon. The inaction of the Respondent No. 2 for months compelled the Petitioner and other farmers to appeal to Shri. N. H. Konaraddi, MLA, Navalgund Constituency, to make a representation to the Respondent No. 2 to consider the review of the impugned Term Sheet and to pay compensation to the farmers, as per the said Guidelines. On 10.12.2015, the MLA, Shri. N. H. Konaraddi along with other farmers made a representation to the Respondent No. 2 to review the impugned Term Sheet. The representation detailed the miscalculation of triggers and phases, and also the discrepancy between the said Guidelines and the impugned Term Sheet. A copy of the representation dated 10.12.2015, made by the MLA, Navalgund Constituency, along with other farmers, is produced herewith and is marked as ANNEXURE “J”. The Respondent No. 2 has again held the representation in abeyance. The inaction of Respondent No. 2 in not considering the recommendations of the Deputy Commissioner, Dharwad (Annexure H & H1) and the representation of the MLA along with the farmers (Annexure J) has constrained the Petitioner to invoke Writ Jurisdiction.

4

11. The Petitioner is highly aggrieved by the inaction of Respondent No. 2—in not considering the recommendations of the Deputy Commissioner, Dharwad (Annexure H & H1) and the representation of the MLA along with the farmers (Annexure J). The impugned Term Sheet is not in consonance with the said Guidelines and suffers from non-application of mind. The Respondent No. 2 is continually eluding to consider the case of the Petitioner, in accordance with the said Guidelines. The Petitioner has no other efficacious and effective alternate remedy but to approach this Hon'ble Court invoking the Writ Jurisdiction. The Respondent No. 2 has kept the said recommendations and the representation in perpetual abeyance, consequently, there is no delay in filing the Writ Petition. The Petitioner or anyone claiming under him, has not filed any Writ Petition on the same cause of action. There are no legal proceedings pending before any Court or authority initiated in this regard. Hence this Writ Petition is filed on the following amongst other grounds.

GROUNDS

12. The impugned Term Sheet is not in consonance with the said Guidelines of the NCIP issued by the Respondent No. 1 and the recommendations of the SLCCCI. The WBCIS Guidelines formulated by the Respondent No. 1 is a comprehensive scheme, which provides framework for its operation, guidelines for computation of the compensation amount, and constitution of the SLCCCI, consisting of experts, scientists, representatives of State, farmer's representatives and representatives of insurance companies. The WBCIS is a pioneering, an innovative initiative of the Respondent No. 1 aimed to mitigate the hardship of the insured farmers against the likelihood of financial loss on account of anticipated crop loss resulting from incidence of adverse conditions of weather parameters like rainfall, temperature, frost, humidity etc. The Respondent No. 2 ought to have prepared the Term Sheet as per the said Guidelines as they are

4

.

.

.

.

binding on the Respondent No. 2 in totality. *Clause 3.1* of the said Guidelines is extracted hereunder,

"3.1. The State Government intending to participate in the Scheme has to communicate its consent thereto, along with areas of crops selected for the Scheme. Such consent of the State implies acceptance to abide by the provisions of the Scheme in totality as spelt out in the text of the Scheme & operational modalities and other guidelines issued from time to time."

The impugned Term Sheet is not in consonance with the said Guidelines issued by the Respondent No. 1, which are binding on Respondent No. 2. The Respondent No. 2 ought to follow the mode and manner of calculation prescribed in the said Guidelines as the same is integral to the implementation of the WBCIS. Therefore, the impugned Term Sheet deserves to be quashed in limeie.

13. The impugned Term Sheet is contrary to the said Guidelines and the recommendations of the SLCCCI. *Primarily*, the impugned Term Sheet has not segregated the crop season into 3 or 4 phases depending upon the growth cycle of a crop. Contrarily, the impugned Term Sheet has *only one stage for entire crop season*, which is unworkable and irrational. *Secondly*, as the impugned Term Sheet has not segregated the crop season, as mandated under *Clause 30.1* of the said Guidelines, *the Weather Parameters for each stage of a crop season is not assessed based on historical data*. Hence, the "Triggers" notified in the impugned Term Sheet is not for a phase / stage of crop season, *but for the entire crop season*. Evidently, the moisture / rainfall requirement for any particular crop cannot be uniform at all stages of farming, and/ or a totality of rainfall during a crop season cannot be considered equalling to rainfall at vital crop stages. Furthermore, the "Trigger Levels" notified in the impugned Term Sheet are unscientific and unreasonable, and no has semblance of historical data. *Lastly*, a standard period consisting of 165 days (June to mid-November) was notified for all Kharif crops. Apparently, the duration of all the crops of

Kharif is not one and the same. Thus, the impugned Term Sheet is perverse and unfounded. Due to these miscalculations in the impugned Term Sheet, the Petitioner was not compensated on the ground that the overall rainfall (for the entire crop season) was reported normal. On the other hand, in actuality, due to untimely and erratic rainfall, i.e., deficit rainfall in the month of June and September and excess rainfall in August, the Petitioner suffered huge crop loss. Consequently, the impugned Term Sheet is contrary to facts, recommendations of SLCCCI, and the said Guidelines prescribed by the NCIP, therefore, deserve to be quashed.

14. It is pertinent to mention that that the Respondent No. 2 has followed the said Guidelines while preparing the Term Sheet for crops in other Hoblis in the State and the for neighbouring Hoblis of Amminbhavi and Garag (Annexure F). Nevertheless, the Respondent No. 2, has arbitrarily and without application of mind, discriminated against the Petitioner by notifying the impugned Term Sheets. This discrimination by Respondent No. 2 is *arbitrary, irrational and illegal as there is no rationale for such classification*. The impugned Term Sheet is in violation of *Article 14* as discrimination against Petitioner is manifest and such a *classification is not reasonable hence is unconstitutional*. The classification made by Respondent No. 2 is *not based on any intelligible differentia*; the classification is artificial and is not based on any substantial distinction having a rational nexus to the purpose of the law. Article 14 mandates that the State shall *ensure equality amongst equals* and its aim is to protect persons *similarly placed against discriminatory treatment*. It means that all persons similarly circumstanced shall be treated alike both in privileges conferred and liabilities imposed. Therefore, there is no justification for the Respondent No. 2 to classify the Petitioner and like farmers, from other farmers in the State. The impugned Term Sheet is unconstitutional as it trespasses Article 14, further, the

3

.

.

.

.

classification is not based on *any intelligible differentia*, therefore, deserves to be quashed.

15. The Respondent No. 2 ought to have followed the said Guidelines while preparing the impugned Term Sheet. The Respondent No. 2 is solitarily an agent or a delegate to ascertain the local / territorial requirements for implementation of the Scheme. Clause 3.1 stated supra, requires acceptance to abide by the provision of the Scheme *in totality*. Hence, the Respondent No. 2 ought not to change the procedure of computation of Term Sheet. Further, the *subject – matter* of Insurance is the *exclusive power* of the Union to *make laws* as mandated under *Article 246, read with Seventh Schedule, List I, Entry 47*. There is no delegation of authority to amend / alter the said Guidelines issued by Respondent No. 1. The acts of Respondent No. 2 in altering the method of computation the Term Sheet, are without authority of the law, thus infringes fundamental rights. Consequently, the impugned Term Sheet deserves to be quashed for want of legal sanction.

16. As per *Clause 3.3* of the said Guidelines, the SLCCCI, is mandated to *oversee the implementation of WBCIS of NCIP*. The Chairman, SLCCCI in the meeting held on 27.03.2014 (Annexure G), *expressed concern over fixing triggers under the WBCIS*. He further instructed *Scientists of all State Agricultural Universities and Department of Agriculture to suggest crop wise uniform triggers under the WBCIS*. The Scientists of all State Agricultural Universities were directed to *verify the Term sheets submitted by Insurance Companies for better phase-wise Triggers*. *The purpose of envisaging a monitoring mechanism, the SLCCCI, is to ensure that the implementation of the scheme is duly assessed and shortcomings are rectified*. However, the Respondent No. 2 has mechanically, without application of mind, has not incorporated the recommendations of the SLCCCI while preparing the

impugned Term Sheet. This indicates absolute non-application of mind to the procedure adopted by Respondents in preparation of the impugned Term Sheets and also for non-application of mind to vital facts of the case. These cumulative acts of Respondents trespass the Fundamental Rights of the Petitioner thereby vitiates the impugned Term Sheet. Consequently, it is indispensable to quash the impugned Term Sheet which suffers from non-application of mind to vital aspects.

17. The Petitioner and other farmers staged protest against the Respondent No. 2 demanding for review of the impugned Term Sheet and for compensation amount payable to them. On repeated protest by Farmers, the Deputy Commissioner, Dharwad, convened a meeting on 01.08.2015, with the representatives of the farmers and the constituency MLA. The minutes of the meeting clearly disclose that the Respondent No. 2 has erroneously, without application of mind to the recommendations of the SLCCCI has issued the impugned Term Sheet, which is contrary to the said guidelines, for reasons stated supra. The Deputy Commissioner, Dharwad, on the basis of the meeting, suggested recommendations to Respondent No. 2, bringing to light the discrepancies in the impugned Term Sheet (Annexure H & H1). The inaction and laxity of the Respondent No. 2 to review and to rectifying the impugned Term Sheet, despite the recommendations of the Deputy Commissioner, Dharwad, and Joint Director of Agriculture, Dharwad, trespasses Article 21. The Petitioner is entitled to compensation like other similarly situated farmers in the State. The impugned Term Sheet accordingly, deserves to be quashed.

18. The inaction of the Respondent No. 2 for months compelled the Petitioner and other farmers to appeal to Shri. N. H. Konaraddi, MLA, Navalgund Constituency, to make a representation to the Respondent No. 2 to consider the review of the impugned Term Sheet and to pay

compensation to the farmers, payable as per the said Guidelines. On 10.12.2015, the MLA, Shri. N. H. Konaraddi along with other farmers made a representation to the Respondent No. 2 to review the impugned Term Sheet (Annexure J). However, the Respondent No. 2 has held the representation in abeyance. The Respondent No. 2 is continually evading reviewing the miscalculations in the impugned Term Sheet, for reasons best known to it. The action of the Respondent No. 2 in holding the representation of the Petitioner in perpetual abeyance contravenes principles of natural justice.

19. India is an agrarian country, where the majority of the population depends on agriculture for their livelihood. Yet, crop production in India is dependent largely on the weather and is severely impacted by its vagaries as also by attack of pests and diseases. These unpredictable and uncontrollable extraneous perils render Indian agriculturalists extremely susceptible to weather conditions. It is here that crop insurance plays a pivotal role in anchoring a stable growth of the sector and ensuring livelihood to farmers, thereby develop into a "Welfare State". The Respondent No. 3 – Insurance Company, discharges the governmental functions to implement the *Directive Principles of State Policy* enshrined in *Part IV* of the Constitution and more particularly the duty cast upon by the State to *endeavour to organise agriculture on modern and scientific lines* as provided in *Article 48* of the Constitution. Therefore, the impugned Term Sheet trespasses the spirit of "Welfare State" and thereby deserves to be quashed.

PRAYER

WHEREFORE, it is prayed that this Hon'ble Court may be pleased to –

- i) Issue a Writ of Certiorari quashing the impugned Term Sheet notified by the Respondent No. 2- State of Karnataka, Department of Agriculture, and bearing No. Agriculture Department / 38 / Agricultural Production Department /2014 (Kru Ee / 38 / Kru Uu Ee / 2014)

insofar as Annigeri Hobli for Kharif Crops namely Chilli - RF, Cotton - RF and Onion - RF, dated 15.04.2014 as arbitrary and unconstitutional (produced as Annexure "A"); and

- ii) Issue a Writ of Mandamus directing the Respondents to compensate the Petitioner for crop loss incurred during the Kharif season of the year 2014-15 by paying the sum assured of Rs. 249934 (Two lakh Forty Nine Thousand Nine Hundred Thirty Four Rupees Only) along with 18% interest per annum for the due date of payment; and,
- iii) Pass any such other further order as this Hon'ble Court deems fit and necessary in the interest of justice and equity.

CONTENTS

Sl. No.	NCIP Components	Page
1	Modified National Agricultural Insurance Scheme (MNAIS)	1-32
2	Weather Based Crop Insurance Scheme (WBCIS)	33-60
3	Coconut Palm Insurance Scheme (CPIS)	61-69
4	Annexure	70-85

Component-II: Weather Based Crop Insurance Scheme (WBCIS)

1. NATURE OF THE SCHEME

- 1.1 Weather Based Crop Insurance Scheme (WBCIS) aims to mitigate the hardship of the insured farmers against the likelihood of financial loss on account of anticipated crop loss resulting from weather conditions including fluctuation in rainfall, temperature, wind, humidity etc.
- 1.2 While yield index based crop insurance specifically indemnifies the cultivator against shortfall in crop yield, WBCIS uses weather parameters as "proxy" for crop yields in compensating the cultivator's for deemed crop losses. Payout structures are developed to compensate cultivators to the extent of losses deemed to have been suffered by them using the weather triggers.

2. PARTICIPATING INSURANCE COMPANIES

- 2.1 The public sector and private sector General Insurance Companies empanelled by the Department of Agriculture & Cooperation (DAC), Government of India and selected by concerned State Government / Union Territory (UT) implement WBCIS. The Insurance Companies mainly engaged in agriculture / rural insurance business and having adequate experience, infrastructure, financial strength and operational capabilities are empanelled by DAC. However, selection of insurance company from amongst the empanelled insurance companies, is done by the concerned State Government for implementation of WBCIS in their State. In case the State intends to use services of more than one insurance company, State Government may ensure that only one insurance company operates in each district or notified area for loanee farmers. However, more than one insurance company can be permitted to implement the scheme in a district for non-loanee farmers.
- 2.2 The participating companies should have requisite approval of Insurance Regulatory and Development Authority (IRDA) to underwrite insurance business under the Scheme apart from fulfilling other statutory requirements.
- 2.3 At the beginning of each crop season, the empanelled insurance companies are required to submit the Prospective Plan covering details about their financial strength, infrastructure, solvency margin, business plan for the season, marketing channel, human resources and strategies for covering the farmers, alongwith details about the proposed yield-index products etc to the concerned State Government under intimation to DAC.

- 2.4 The performance of the empanelled insurance companies shall be closely monitored by DAC through the indicators (i) Percentage of claims to total premium amount of which desirable minimum level for the crop season is 60% and for the last seven crop seasons is average 80% with 60% weight age (ii) Percentage of number of farmers benefitted to farmers insured of which desirable minimum level is 33% with 20% weight age (iii) Percentage of non-loanee farmers to total number of insured farmers etc. of which desirable minimum level is 50% with 20% weight age. If the performance is found below par, the said insurance company is liable to be de-empanelled.

3. SCHEME ACCEPTANCE BY THE STATE GOVERNMENT

- 3.1 The State Government intending to participate in the Scheme has to communicate its consent thereto, along with areas and crops selected for the Scheme. Such consent of the States implies acceptances to abide by the provisions of the Scheme in totality as spelt out in the text of the Scheme & operational modalities and other guidelines issued from time to time.
- 3.2 State /UT will also make necessary budgetary provision in State / UT budget, to release premium subsidy for the notified crop(s)/area(s) at beginning of crop season based on fair estimates and also facilitate strengthening of weather station network in notified areas / districts.
- 3.3 The State level Coordination Committee on Crop Insurance (SLCCCI) presently overseeing the implementation of erstwhile National Agricultural Insurance Scheme (NAIS) / modified NAIS shall oversee the implementation of WBCIS of NCIP. The Committee in addition to the present composition may include representatives from State Horticulture Dept., State Remote Sensing Application Centre, India Meteorological Department (IMD), farmers' representatives and representatives of insurance companies approved for the implementation of the scheme. Besides, SLCCCI may co-opt representatives from other departments / agencies & other stakeholders as special invitee, if considered necessary. The States which have not implemented erstwhile NAIS / MNAIS would constitute SLCCCI on the pattern suggested above.

4. CROPS COVERAGE

- i. Major Food crops (Cereals, Millets & Pulses) & Oilseeds
- ii. Commercial / Horticultural crops

5. FARMERS COVERED

- 5.1. All farmers including sharecroppers and tenant farmers growing the notified crops in the notified areas are eligible for coverage.

- 5.2. However, farmers should have insurable interest on the insured crop. The non-loanee farmers are required to submit necessary documentary evidence of land records and / or applicable contract / agreements details (in case of sharecroppers / tenant farmers).

5.3 Compulsory Component

All farmers availing Seasonal Agricultural Operations (SAO) loans from Financial Institutions (i.e. loanee farmers) for the crop(s) notified are covered on compulsory basis.

5.4 Voluntary Component

The Scheme is optional for the non-loanee farmers.

- 5.5 WBCIS is compulsory for loanee farmers for the crop(s) notified by the State Government in the selected areas(s). However both MNAIS and WBCIS will continue for implementation for non-loanee farmers who can choose between MNAIS and WBCIS, and also the insurance company.
- 5.6 Special efforts shall be made to ensure the maximum coverage of SC/ST/Women farmers under the scheme. Budget allocation and utilization under these segments of farmers should be in proportion to SC/ST/Women population in the respective state.
- 5.7 Panchayat Raj Institutions (PRIs) should be involved at various stages of implementation of crop insurance schemes particularly in identifications of the crops & beneficiaries, Extension & awareness creation amongst farmers, obtaining feed-back of the farmers etc.

6. PERILS COVERED

- 6.1 Following major weather perils, which are deemed to cause "Adverse Weather Incidence", leading to crop loss, shall be covered under the scheme.

- a) Rainfall – Deficit Rainfall, Unseasonal Rainfall, Excess rainfall, Rainy days, Dry-spell, Dry days
- b) Relative Humidity
- c) Temperature – High temperature (heat), Low temperature (frost)
- d) Wind Speed
- e) A combination of the above

f) Hailstorms, cloud-burst may also be covered as Add-on/Index-Plus products for those farmers who have already taken normal coverage under WBCIS of NCIP

The perils listed above are only indicative and not exhaustive, any addition / deletion may be considered by insurance companies based on availability of relevant data.

- 6.2 The State Government shall consider such perils to cover under WBCIS which are capable of causing severe & quantifiable loss and can be induced directly or indirectly by change in measurable weather parameters to capture the losses during the adverse climatic conditions and also have demonstrated correlation with quantifiable yield losses of crop due to such perils.
- 6.3 To the extent possible, only adverse weather incidences which can cause substantial crop losses should only be covered, or the triggers identified in such a way that major losses are captured. Too conservative triggers tend to lead to frequent but smaller payouts, diluting the indemnity principle of insurance.
- 6.4 State Governments will also continue to conduct the requisite number of Crop Cutting Experiments (CCEs) in areas where WBCIS is implemented to enable the implementing agencies to make analytical study for assessing performance of Scheme *vis-à-vis* yield Index based crop Insurance Schemes (i.e. MNAIS) and Benchmarking of products.
- 6.5 The specific "Adverse Weather Incidence" with its timing / duration applicable to a particular Notified crop shall be notified by the SLCCC.

7 RISK PERIOD (i.e. Insurance Period)

- 7.1 Risk period would ideally be from sowing period to maturity of the crop. Risk period depending on the duration of the crop and weather parameters chosen, could vary with individual crop and reference unit area and would be notified by SLCCC before the commencement of risk period.

8 NOTIFICATION:

- 8.1 State/UT Government should ensure issuance of the notification and its circulation to all concerned agencies / departments / institutions atleast one month prior to the commencement of the crop season / risk period. Notification issued by State government / UT should necessarily contain following details:

(a) Crops and Reference Unit Areas notified in various districts.

- (b) Sum Insured, Premium rates, and subsidy, as applicable for various crops.
- (c) Term-sheets / product structures of various crops and RUAs
- (d) Seasonality discipline for various activities.
- (e) List of Reference and Back-up Weather Stations for each Reference Unit Area

8.2 Selection of Areas & Crops:

8.2.1. At commencement of each crop season, preferably in the beginning of March for Kharif and in the beginning of September for Rabi season, meeting of SLCCCI shall be convened for consideration and approval of notified crops & areas and also finalization of insurance companies. State Government shall notify the Crops and Areas which are eligible for insurance under WBCIS during the season in accordance with the decision taken in the SLCCCI meeting. The Committee shall, for the purpose of selection of crops under WBCIS, consider factors such as availability of historical weather data, minimum cropped area, weather perils capable of causing significant & quantifiable losses by change in measurable weather parameters etc.

8.2.2 State Govt. may convene meetings with insurance providers and experts of Agro-meteorology / agronomy from State Agriculture Universities, Research Institutes etc. for finalization of triggers, term-sheets and pay-out etc. before SLCCCI meeting. A Technical Committee may be constituted by the State Government for selection of crop(s), area(s), weather triggers under WBCIS, examination of proposals received from the Insurance Companies, and finalization of term-sheets for the proposed crop(s) / area(s) based on demonstrated correlation with historical weather & yield data and further evaluation of products & benefits to the farmers on insurance principles.

8.2.3 The Scheme shall operate on the principle of "Area Approach" in selected notified Reference Unit Areas (RAUs). Therefore, State Govt. may notify the smallest possible areas as insurance units / Reference Unit Areas (RUAs), which should be preferably, the Village Panchayat / Revenue Circle / Mandal / Hobli / Block / Tehsil etc.

8.3 Selection of Insurance Company:

8.3.1 Insurance companies shall be selected through a transparent process, strictly on the basis of experience, relevance of their insurance product and the overall benefits of the product, premium rate, existence of infrastructure and quality of services like coverage of farmers & area specially non-loanee, payouts in terms of quantum & timely settlement thereof, willingness to do publicity & awareness campaigns etc. States

should engage only those insurance companies who provide best value for the premium while maintaining the insurance character of the product.

8.3.2 State Govt. may invite the empanelled companies to discuss the product specifications to be implemented during ensuing season. Alternatively, State Govt. may structure its own weather products for the notified crops / areas and may invite the empanelled insurance companies to submit proposals in enclosed sealed envelope. State government shall clearly establish and communicate the product specifications in terms of risk period, trigger-1, trigger-2, payout rate-1, payout rate-2, phase-wise sum insured etc., to enable the insurance companies to submit the quotes with full clarity.

8.3.3 The bidding process shall clearly lay down the evaluation process of the bids / products submitted by the insurance companies. The bids shall be opened by the State government / Committee in the presence of participating insurance companies, and allocation of notified crops / areas shall be made to insurance companies strictly on the basis of merit with special focus on product benefits in terms of the maximum claim size, average claim size, claim size during a known adverse season in the past, etc.

8.3.4 SLCCCI may open premium rates in the presence of the insurance companies and allocate the notified crops / areas to that company whose rates are the lowest vis-à-vis the insurance product benefits, as outlined under 8.3.3. Weighted claim / Weighted premium quoted by a company for all crops within the district, i.e., Sum of premium x Area sown for all crops within the district may be the guiding factor for district allocation and further care shall be taken to select one company for one district / notified area on merit as stated above.

8.4 Notification of the seasonality discipline, claim settlement methodology:

8.4.1 State Government /UT shall also notify seasonality discipline at the commencement of season for various activities under the scheme viz. submission of insurance proposals, consolidated declarations by banks, term-sheet/ methodology for claim assessment of losses etc., as per the provisions of scheme.

8.5 Notification of Reference Weather Station (RWS) and Authorized Data providers:

8.5.1 SLCCCI based on distance and location and availability of Automatic Weather Stations / Rain Gauge will approve "Reference Weather Stations (RWS) for RUA"s. In addition to RWS for all RUAs, additional weather

stations designated as Back-up Weather Stations (BWS) shall be notified for use in case RWS is unable to provide data for any reason. All claims shall be settled based on data recorded by the RWS. Information of RUAs along with RWS and back up weather stations shall be covered in notification issued at the commencement of the season.

9 SUM INSURED:

- 9.1 The Sum Insured (SI) for each notified crop is pre-defined which is based on the 'cost of production' and is same for loanee and non-loanee farmers and all companies. The total sum insured of loanee farmer(s) is arrived at by multiplying the pre-defined Sum Insured with the acreage shown in the Loan Application Form filled in by the farmer for availing Seasonal Operational Loan from the Lending Bank. Crop loans disbursed against hypothecation of jewels / ornaments and loans disbursed to Joint Liability Group (JLG) for agriculture purpose qualify under compulsory insurance. Non-loanee farmers will have flexibility to insure smaller amounts but not less than 50% of limit of sum insured.
- 9.2 The Sum Insured of the crops may be distributed among the critical phases of the crops based on the accumulating input costs in its growing path of the crop during that phase. However, the sum insured assigned to the subsequent phases may be the summation of its previous phase(s) to provide adequate compensation on damage of crops at later stages.

10. PREMIUM RATES:

- 10.1. Before start of each crop season, insurance companies shall work out their products / detailed term-sheet(s), risk coverage, sum insured, premium rates, payment of claims and such other parameters and also actuarial premium as well as net premium rates (premium rates actually payable by farmers after adjusting premium subsidy) for each crop through standard actuarial methodology in conformity with provisions of IRDA for consideration of SLCCCI.
- 10.2. Actuarial premium rates are capped at 10% for Kharif season and 8% for Rabi for food crops & oilseeds. However, in case of annual commercial/horticultural crops, cap of 12% on actuarial rates of premium will be applicable. In case of the crops whose premium will be higher than the cap level, then their sum insured will be reduced in proportion to cap level. These caps may be reviewed & revised after/for every Five Year Plan Period, if felt necessary. Example:

Assume the original sum insured is Rs. 20,000 / ha., and the actuarial premium rate is 15% for a cereal crop in Kharif season with a premium cap of 10%. Insurance company is entitled to collect a premium of Rs. 3,000 as per actuarial premium rate. However, due to premium cap, it can collect

only Rs. 2,000. While the insurance company shall collect only Rs. 2,000 / ha., but the sum insured is scaled down on pro rata basis to Rs. 13,333/ha., i.e. Rs. 20,000 multiplied by a factor of Rs. 2,000 / Rs. 3,000.

11. PREMIUM SUBSIDY:

- 11.1. Subsidy in the Premium is allowed up-front, and the Premium payable by the cultivators is net of the applicable subsidy.
- 11.2. Subsidy in premium to all farmers irrespective of their holdings and crop(s) insured will be applicable as under:

Sr. No.	Premium Slab	Subsidy by Central and State Government on 50 : 50 basis and premium payable by farmer
1.	Upto 2%	No subsidy.
2.	> 2 - 5%	25% subsidy subject to minimum net premium of 2% payable by farmer.
3.	> 5 - 8 %	40% subsidy subject to minimum net premium of 3.75% payable by farmer
4.	> 8%	50% subsidy subject to minimum net premium of 4.8% and maximum net premium of 6% payable by farmers.

- 11.3 The applicable premium subsidy shall be shared by Central and State Government on 50: 50 basis. No subsidy in premium will be payable beyond the normal Sum Insured of notified crop.

However, the State government is free to extend additional subsidy over & above the stipulated subsidy from its budget. In other words, additional subsidy, if any shall be entirely borne by the State government.

12. SEASONALITY DISCIPLINE/ CUT-OFF DATES:

- 12.1. The cut off date is uniform for both loanee and non-loanee cultivators. The State wise cut off dates for different crops shall be based on Crop Calendar of major crops i.e. Appendix IV of the publication "Agricultural Statistics at a glance 2012" published by the Directorate of Economics and Statistics, Department of Agriculture & Cooperation, Ministry of Agriculture, Government of India (placed as Annexure in the operational guidelines). For those notified crops which do not find mention in the above mentioned Annexure, the broad range of seasonality discipline as given in the chart below, shall apply.

Activity	Kharif	Rabi
Loaning period (loan sanctioned) for Loanee farmers covered on Compulsory basis.	April to 15 th July	October to December
Cut-off date for receipt of Proposals of farmers (loanee & non-loanee).	31 st July	31 st December
Cut-off date for receipt of Declarations of Loanee farmers covered on compulsory basis & non-loanee farmers covered on Voluntary basis from Bank branches to Nodal Banks	Within seven working days after cut-off date to receiving declaration	Within seven working days after cut-off date to receiving declaration
Cut-off date for receipt of Declarations of farmers covered on Voluntary basis from designated insurance Agent(s) to Insurance Companies	Within two working days after receiving declaration / premium.	Within two working days after receive declaration / premium.
Cut-off date for receipt of Declarations of Loanee farmers covered on compulsory basis & non-loanee farmers covered on Voluntary basis from Nodal Banks to Insurance Company	15 th August	15 th January
Settlement of claims (subject to receipt of weather data & Government subsidy)	Within 45 days from the cessation of risk coverage period	Within 45 days from the cessation of risk coverage period

12.2 Keeping in mind the specialty and catastrophic nature of crop insurance, SLCCCI shall fix seasonality in such a way that it doesn't encourage adverse selection or moral hazards. No relaxation for extension in the above seasonality/cut off dates shall be considered / granted by this department however, pre-ponement in cut off dates shall be considered on case to case basis. If any state/UT extends the above seasonality / cut off dates on their-own then central share of premium subsidy shall not be available for the concerned notified crops / areas.

12.3 The banks should strictly follow the cut off dates particularly for accepting non loanee proposals, submission of Declarations and Premium to the insurance company and crediting the beneficiary farmers' accounts for claims and refund of excess premium.

13. COLLECTION OF PROPOSALS AND PREMIUM AMOUNT:

13.1 The Nodal Banks system under erstwhile NAIS / MNAIS, will continue for WBCIS of NCIP as well, wherein the implementing insurance company is not required to deal with all the loan disbursing points and instead, deals

only with designated Nodal Bank branches, mostly at District / Regional level. Besides, insurance company may also use the IRDA approved insurance agents for the purpose.

- 13.2 Declaration formats to be submitted by Nodal banks should contain details like reference weather stations, sum insured per unit, premium per unit, total area insured of the farmers, no. of type of farmers covered (small & marginal or other) and no. of farmers under various categories (SC, ST, women) along with their bank account details.

14. Loanees Cultivators (Compulsory coverage):

- 14.1 For Loanees cultivators, the modalities will be the same as those in the erstwhile NAIS.
- 14.2 The lending bank branch shall prepare a statement of Crop-wise and RUA-wise details of insurance with premium, along with details of individual insured and remit the same to its Nodal Branch within seven working days from the cut-off date. Premium amount payable by the cultivator is financed by the lending bank. In case there is any change in crop sown from the approved crop plan for sanctioned credit limit, the farmer should bring it to the notice of the concerned bank branch within seven days of sowing.
- 14.3 The Nodal Branch, in turn, shall consolidate these statements from the Branches and forward the same along with Declaration forms of farmers & the Premium amount to concerned Insurance Company within seven days.
- 14.4 For crop loan sanctioned / advanced through Kisan Credit Cards (KCC), which are covered under compulsory coverage, banks will maintain all records and registers, including those relating to compliance with WBCIS and its seasonality discipline and cut off dates for submitting declarations as in case of normal crop loans. Bank branch will segregate coverage among notified crops, based on acreage mentioned in loan application or on the basis of actual area sown as declared by the farmer subsequently.
- 14.5 Crop loans advanced against hypothecation of gold / ornaments are also eligible for compulsory coverage, subject to insurability of crop and seasonality discipline.

15. Non-loanee cultivators (Optional coverage):

- 15.1 For Non-Loanee cultivators, the total sum insured for each crop is arrived at by multiplying the pre-defined 'Sum Insured' with the acreage or number of trees, as applicable shown in the insurance proposal of farmer.

- 15.2 Those cultivators desirous of availing insurance will fill up Proposal Form of the Scheme and submit the same to the village level lending point of a Commercial Bank (CB) or Regional Rural Bank (RRB), or Primary Agriculture Cooperative/ Credit Society (PACS), District Central Cooperative Bank (DCCB) with the requisite premium amount after opening an Account or in an existing Account in their name. The functionaries in Branch / PACS shall assist cultivators in completing the Proposal form and provide necessary guidance. While accepting the Proposal and the premium, it shall be the responsibility of such Branch / PACS to verify the land records, particulars of acreage/number of trees, sum insured etc. and applicable contract / agreement details in case of share croppers / tenant farmers. The Branch / PACS shall thereafter consolidate these particulars and send them to the respective Nodal Branches within seven working days from the cut-off date.
- 15.3 The Nodal Banks shall in turn submit to concern Insurance Company the Crop-wise and RUA-wise Insurance Declarations in the prescribed format, along with the Premium, within seven days.
- 15.4 Non Loanee cultivators could also be serviced directly by the insurance company or its designated agents approved by IRDA for the purpose. While accepting the Proposal and the Premium, it shall be the responsibility of Insurance Company or its designated agent to verify the land records, particulars of acreage / number of trees, sum insured etc. and applicable contract / agreement details in case of share croppers/tenant farmers. The designated agents shall remit the premium with consolidated proposals within 72 hours. However, it's mandatory that the Non-loanee cultivators serviced by the designated agents should hold a bank account in order to facilitate remittance of the claim, if payable.
- 15.5 The non loanee proposal form should be completely filled up, including the details of farmer's bank account and land particulars specifically plot identification number / survey number etc.
- 15.6 Declarations received from the Banks / PACS after the cut off date shall be summarily rejected and the liability, if any, for such declarations shall rest with the concerned bank. The Banks / PACS, therefore, must not receive any Proposals after the cut-off date. The Banks / PACS must also ensure that the consolidated statement alongwith the premium amount is remitted to the insurance company within the stipulated time, failing which the bank shall be responsible for payment of claims, if any to the farmers. However, any dispute in the matter may be referred to DAC, Govt. of India by the concerned State / Agency.

- 15.7 The Nodal Banks may also collect the list of individual insured farmers (both loanee & non-loanee) with requisite details like name, fathers' name, Bank Account number, village, categories – S&M/SC/ST/Women, insured acreage, insured crop(s), sum insured, premium collected, govt. subsidy etc. from concerned branch in soft copy also for further reconciliation and send the same to the concerned insurance company within 15 days after final cut-off date for submission of proposal to the insurance company.
- 15.8 Insurance companies operating through authorized agents may also collect the requisite information in respect of non-loanee farmers in same formats. It is the responsibility of the concerned insurance companies to collect / obtain the details of the insured farmers (both loanee & non-loanee) from the bank / financial institutions / intermediaries / agents and upload the same in their websites.
- 15.9 Insurance Companies may also verify and satisfy themselves about the coverage of farmers / crops and up-load the same in their websites within a month from the date of receipt of proposal forms from nodal banks.
- 16. CLAIMS PROCESSING, APPROVAL & SETTLEMENT:**
- 16.1 Insurance company shall be responsible for all claims arising out of adverse weather incidence and shall settle claims strictly as per the terms and conditions of the scheme mentioned in the notification. In case of adverse weather incidence all the insured cultivators growing the notified crop in a RUA shall be deemed to have suffered the same level of adverse weather condition & same proportion of crop loss and become eligible for the same rate of claims.
- 16.2 Claims shall be assessed only on the basis of weather data recorded by the RWSs or BWS, as the case may be, and the claims process shall commence once the weather data is received. The weather data providers should ensure that the exposure conditions of AWS, their standardization / calibration, maintenance and weather data transmission meet the guidelines issued by the Government / IMD.
- 16.3. With majority of the Automatic Weather Stations (AWS) used for servicing WBCIS coming from the private third party or autonomous bodies, it is suggested that data providers get accreditation / certification of weather station equipment (including sensors) the exposure conditions for installation, regular maintenance, data quality and data reporting, through an independent agency. The accreditation agency should regularly inspect certain minimum number of weather stations before certifying. Ideally IMD should act as the accreditation / certification agency. In case IMD cannot take up this work, a few third party entities with competence may be

empanelled to provide accreditation services of the private data providers, as well as the autonomous bodies.

- 16.4. Claims processing should be strictly as per the insurance term sheets, payout structure and the Scheme provisions. Claims shall be worked out as per the Insurance Declarations received from the Nodal Banks for each notified area and crop. The claim cheques or particulars of remittance through e-mode along with claim particulars shall be released / intimated to individual Nodal Banks, who in-turn will pass on the particulars to the grass root level lending branches / PACS to enable these points to credit the same to the accounts of the individual beneficiaries within a week's time from the receipt of funds from the implementing insurance companies and provide a certificate to the insurance companies along with list of the farmers benefited. Bank Branch should also display the particulars of beneficiaries on their notice board. In case of farmers serviced through designated insurance agents, the claim shall be released directly to the concerned farmers by way of electronic transfer of money.
- 16.5. All standard Claims should be processed and paid within 45 days from the end of the risk period and receipt of the weather data subject to receipt of premium subsidy from State and Central Govt. Further verification & collection of relevant documents / papers, if required, in respect of affected farmers should be completed within a period of 30 days from payment of standard claims of season.
- 16.6 Insurance Companies should verify & satisfy themselves about the insured farmers, crops & areas before approaching the Government for release of Subsidy. However, in case, the acreage insured under a crop in a RUA or part thereof is more than the acreage sown for the crop, the claims shall be proportionately reduced by applying the 'area sown correction factor' in concurrence with the State Govt. The State Government shall be free to verify the details of individual farmers to arrive at accurate figures of acreage sown. This verification may be carried out within a maximum period of three months to avoid delay in settlement of claims.
- 16.7. Disputed claims / sub-standard claims, if any, shall be referred through State Government to DAC for disposal by the insurance company and the decision or any interpretation of DAC of provisions of scheme or disputes shall be binding on all concerned.
17. Claims Calculation
 - 17.1 If observed index value falls below or above, (as the case may be) the notified trigger value, then claims per unit shall be calculated using following formulas depending upon index definition:

Claims per Unit = (Difference between Observed & Notified index values) X Notional Payout

Overall claims will be 'Claims per Unit' X 'Number of units'

18. Illustration:

In table below, a farmer having 1, 2 and 3 hectares of land in RUAs X, Y and Z respectively buys an insurance policy having deficit rainfall cover.

Table 1: Deficit Rainfall Cover

Index	Aggregate rainfall in mm during cover phase
Cover Phase, From	1-July
To	15-August
Strike 1 (mm)	200
Strike 2 (mm)	150
Exit (mm)	100
Standard Loss Rate between Strike 1 and Strike 2 – Notional 1 (Rs / mm / Hectare)	50
Standard Loss Rate between Strike 2 and Exit – Notional 2 (Rs / mm / Hectare)	80
Standard loss below Exit	Nil
Policy Limit (Rs / Hectare)	6500

In table below actual observed index values are mentioned for 3 notified RUAs during the cover period obtained on the basis of data of RWS.

Table 2:

RUA	RWS	Strike-1	Strike-2	Exit	Notional 1-1	Notional -2	Policy Limit	Observed Index
X	A	200	150	100	50	80	6500	300
Y	B	200	150	100	50	80	6500	120
Z	C	200	150	100	50	80	6500	80

RUA X: In this case notified trigger value is 200. Observed index value is 300. In this case there would be no claim payable as the notified trigger is not breached.

RUA Y: Here observed index value is 120.

Hence, claims per unit will be: $\{(200-150)*50\} + \{(150-120)*80\} = \text{Rs. } 4900$.

For two hectares, overall claims = $\text{Rs. } 4900 \times 2 = \text{Rs. } 9800/-$

RUA Z: Here observed index value is 80 which has breached the exit level. Hence in this case the full sum insured assigned to the phase of Rs. 6500 per unit would be payable.

For two hectares, overall claims= Rs. 6500 X 2= Rs. 13000/-

Using the methodology discussed above, total claims will be worked out.

19 Modalities for assessment of loss due to localized perils of Hailstorm and Cloudburst (Add-on / Index-Plus product)

- 19.1 The incidence of hailstorm and cloudbursts shall be first brought to the notice of the insurance company by the farmer(s) / Horticulture / Agriculture / Revenue Department of concerned State Government, giving details like time of occurrence, areas affected, extent of damage caused to crops etc. through telephone followed by fax, email etc. It shall further be ascertained by IMD, weather satellite images and press reports etc.
- 19.2 The grower who suffered crop losses due to these perils will also have to send the intimation to the concerned office of the insurance company at the earliest and lodge claim / intimate the loss of insured crop to insurance company and horticulture Department / Bank providing all details within 48 hours of occurrence of perils.
- 19.3 The insurance company shall depute the loss assessors within 72 hours from the receipt of the intimation.
- 19.4 The losses due to hailstorm and cloudburst shall be assessed at individual farm / orchard level jointly by a team comprising of State agriculture / horticulture department, revenue department, loss assessor(s) deputed by Insurance company and Central / State Govt. & other concerned agencies.
- 19.5 The loss shall be assessed as percent loss to the normal crop that would have produced but for the occurrence of the insured peril. The claim payable to the grower would be in same proportion to his sum insured under 'Add-on' / 'Index' cover.
- 19.6 The insurance company may utilize the services of State Agriculture / Horticulture Department, Revenue Department, concerned Bank / PACS at least in the initial years for jointly assessing the crop losses.
- 19.7 The insurance company providing 'Index Plus' insurance have to strengthen their field staff so as to assess farm level losses timely, if and when the same occur;

- 19.8 Losses shall be settled by insurance company within 15 days from receipt of the survey report and such other documents as may be required for processing the claim.

20. PUBLICITY & AWARENESS:

- 20.1 Adequate publicity needs to be given in all the villages of the notified districts/ areas. All possible means of electronic and print media, farmer's fair, exhibitions including SMS messages, short films, and documentaries shall be utilized to create and disseminate awareness, benefits and limitations of the Scheme among the cultivators and the agencies involved in implementing the Scheme. Agriculture / Cooperation Departments of the State in consultation with Insurance Companies shall work out appropriate Plan for adequate awareness and publicity three months prior to the start of coverage period.
- 20.2 The State Government / UT in collaboration with Insurance Companies shall also chalk out plan for capacity building of the associated agents, banks etc for effective implementation of the scheme and organize training workshops/sensitization programme for them in association with participating insurance companies.

21. REVIEW OF THE SCHEME:

- 21.1 The Scheme would be reviewed periodically and necessary modifications / improvements would be considered.
- 21.2 State Governments / UT may ensure that products provide comprehensive insurance coverage to the farmers on sound insurance principles and provide the best value for the premium. State Government may also review the progress of scheme periodically and undertake impact assessment after the completion of each season and send their suggestion / recommendations to this Department for making further improvements in the scheme.

22. COMMISSION & BANK CHARGES

- 22.1 Bank shall be paid service charges @ 4% of the premium collected from farmers. Rural agents engaged in providing insurance related services to farmers may be paid appropriate commission as decided by the insurance company, subject to cap prescribed under IRDA regulations.

23. CAPACITY BUILDING & TRAINING:

- 23.1 It is proposed to set up an independent and well-equipped Technical Support Unit under the overall leadership, guidance and monitoring of the

with proper provisions & mechanisms of public grievance redressal / feed-back etc.

iv) The Insurance Company should also send a copy of the list of beneficiaries received from financial banks alongwith the list of beneficiaries covered through other intermediaries to concerned Gram Panchayat within one month of disbursement of claims for display the same at the notice board for social audit etc.

v) 5% of the beneficiaries may be verified by the Regional Offices / local level Offices of Implementing Insurance Companies and send the feed back to concerned District Level Monitoring Committee (DLMC) & State Government / State Level Coordination Committee on Crop Insurance (SLCCCI).

vi) At least 10% of the beneficiaries verified by the insurance company may be cross verified by the concerned District Level Monitoring Committee (DLMC) and send the feedback to State Government.

vii) 1 to 2% of the beneficiaries may be verified by the Head Offices of insurance company / Independent Agencies appointed by the National Level Monitoring Committee and send the necessary feed back to DAC.

25. ROLE OF VARIOUS AGENCIES:

For successful implementation and administration of Scheme, roles of various Agencies / Institutions / Government Departments / Committees are spelt out as under.

25.1 Role & Responsibilities of Central Government:

The DAC shall be responsible for the following for smooth implementation of WBCIS:

- (i) Issue necessary guidelines & communication from time to time for implementation of the Scheme.
- (ii) Facilitate providing weather data through India Meteorological Department (IMD) & other agencies on real-time basis to insurance companies.
- (iii) Provide guidelines for Standardization and benchmarking of insurance products to be submitted by the insurance companies.
- (iv) Ensure that allocation of areas to insurance companies is done by States in a transparent manner based on the insurance products submitted by them, their network and the services provided by them in the past.

Ministry of Agriculture, Government of India to monitor implementation of crop insurance schemes including WBCIS, product structuring, standardization & Benchmarking of products, rationalization of premium rate/subsidy, issuing guideline for installation, maintenance & accreditation of Weather Stations, creation of national grid for statistical data and for undertaking other activities assigned to it by DAC, GOI from time to time.

- 23.2 It is also proposed to provide specialized trainings and organize workshops for the capacity building of the State Government officials and farmers' groups. State Government may send the name and details of officials require such specialized training by end of month of May and December, every year.

24. MONITORING OF THE SCHEME AND SOCIAL AUDIT

- 24.1 State Level Coordination Committee on Crop Insurance (SLCCCI) of the concerned States will be responsible for monitoring of the schemes / programme. However, a National Level Monitoring Committee (NLMC) under the chairmanship of Joint Secretary (Credit), DAC will monitor the scheme at national level.

- 24.2 It is proposed to take following monitoring measures for effective implementation during each crop season to ensure the benefits to the farmers:

i) The Nodal Bank(s) / intermediaries may collect the list of individual insured farmers (both loanee & non-loanee) with requisite details like name, fathers' name, Bank Account number, village, categories – S&M/SC/ST/Women, insured acreage, insured crop(s), sum insured, premium collected, government subsidy etc. from concerned branch in soft copy also for further reconciliation and send the same to the concerned insurance company within 15 days after final cut-off date for submission of proposal to insurance company.

ii) After receiving the claims amount from the concerned insurance company, the financial institutions / banks should remit/transfer the claim amount to the account of beneficiaries farmers and also display the list of the beneficiaries (both loanee & non-loanee) on the notice board of the branch within seven days with details of beneficiaries like name of farmers / beneficiaries, crops insured, sum insured, amount of claims received etc. and send a copy to concerned insurance companies with utilization certificates within 15 days for further verification and audit.

 - ✓ Term-sheets / product structures of various crops and RUAs
 - ✓ Seasonality discipline for various activities.
 - ✓ List of Reference and Back-up Weather Stations for each RUA
- (vi) To release its share of Premium Subsidy to insurance companies, in the beginning of every crop season, based on fair estimates submitted by them, and settle balance of actual premium subsidy for season as soon as final figures are submitted by insurance company. In order to ensure timely release of premium subsidy by the states, release of GOI subsidy shall be made to those states only which have cleared their liability of premium subsidy excluding the immediate previous crop season.
- (vii) To provide the acreage sown data for each season within two months time from sowing period and ensure correctness of the information.
- (viii) To facilitate strengthening and expanding the existing automatic weather station network so as to facilitate providing the weather data on near real-time basis.
- (ix) To undertake sufficient no. of CCE in the notified area and provide the yield data to concerned insurance companies for comparison of the scheme with NAIS / MNAIS and establish correlation between yield and weather parameters to help in designing of better weather insurance products, standardization & benchmarking of products etc.
- (x) To set up the review and monitoring committee at both, State and District level under the chairmanship of Principal Secretary (Agriculture / Cooperation) and District Collector, respectively for periodical review (preferably monthly) of implementation of scheme and also verify the coverage etc. on random basis to ensure proper coverage under the scheme.
- (xi) To create adequate awareness and publicity of WBCIS.

- (v) Constitute a national level "Technical Advisory Committee (TAC) and Technical Support Unit (TSU) to monitor implementation of WBCIS, product structuring, standardization & Benchmarking of products, rationalization of premium rate / subsidy, issuing guideline for installation & accreditation of Weather Stations, creation of national grid for statistical data for the purpose and other matter / directives to insurance companies.
- (vi) Release 50% premium subsidy towards DAC committed liability under the scheme to insurance companies at the beginning of crop season on the basis of business projections (premium collection) to be submitted by insurance companies. The balance of premium subsidy, if any for the season shall be released based on submission of final / actual business achieved during crop season by insurance companies to enable them to release claims to beneficiary farmers.
- (vii) Undertake the review / impact assessment of the scheme as may be required from time to time and consider modifications / improvements and expansion of the scheme.
- (viii) Create adequate awareness and publicity of the scheme.
- (ix) Organize Capacity building training / workshops for the State Government officials and other stakeholders.
- (x) Interpretation of any provisions of the scheme and decision on any disputed claim.

25.2 Role & Responsibilities of State government:

- (i) The State government through SLCCCI will notify crop wise RUAs and applicable premium rates etc. well in advance of each crop season.
- (ii) To provide the details of crop calendar and package of practices for the crops and the areas under the scheme for the first year. Weather data is required to be furnished in the daily format at least for 25 years at the RUA level proposed to be notified for the scheme, wherever necessary.
- (iii) To constitute a Technical Committee with experts in the relevant areas for finalization of triggers, term-sheets, pay-out etc before SLCCCI meeting and further evaluation of products and benefits to the farmers.
- (iv) To provide necessary agronomic inputs to insurance companies through its agricultural experts and agricultural university in finalizing the insurance term-sheet / structure, fixing the payout triggers and the benefits.

crop(s), sum insured, premium collected, government subsidy etc. from concerned branch in soft copy also for further reconciliation and send the same to the concerned insurance company within 15 days after final cut-off date for submission of proposal to insurance company.

- (vi) The insurance company shall acknowledge all the Declarations submitted by the banks mentioning the details of crop, area, sum insured etc. The banks should cross check with their records and aberrations, if any, should be brought to the notice of the insurance company immediately. If no response is received from banks within 15 days, the details given in the acknowledgement shall be considered final and no changes would be accepted later on.
- (vii) To Credit the claim proceeds of WBCIS received from insurance company to respective beneficiary bank account within seven days. The list of beneficiary cultivators with claim amount shall be displayed by the Branch / Primary Agricultural Cooperative Society (PACS) and a copy shall also be provided to the Chairman / Sarpanch / Pradhan of the village Panchayat. The Banks shall issue a certificate to the insurance company that entire money received for settlement of claims has already been credited into the account of beneficiary.
- (viii) Soft copy of the beneficiaries list may also be provided by bank branch / PACS through Nodal Bank to concerned Insurance companies for uploading the same in their web-site.
- (ix) To permit insurance company with access to all relevant records / ledgers at the Nodal Bank / Branch / PACS at all times for the purpose of implementation of the scheme.
- (x) Banks should ensure that cultivator may not be deprived of any benefit under the Scheme due to errors / omissions / commissions of the Nodal Bank / Branch / PACS, and if any, the concerned institutions shall only make good all such losses.
- (xi) Other Responsibilities of Lending Banks / RFIs will be:
 - a) To educate the cultivators about WBCIS.
 - b) To guide the cultivators for filing up the insurance proposal in the prescribed forms and collecting the required documents, particularly in case of Non-Loanee cultivators.
 - c) To prepare the consolidated statements for Loanee and Non-Loanee cultivators and forwarding the same to the insurance company along with the premium amount.

25.3 Role & Responsibilities of Banks / Rural Financial Institutions (RFIs):

25.3.1 For the purpose of the Scheme, the Scheduled Banks and Rural Financial Institutions (RFIs) engaged in disbursing Seasonal Agricultural Operations (SAO) loans as per the relevant guidelines of NABARD / RBI will be reckoned as Lending Banks.

25.3.2 The existing system of Nodal Banks under erstwhile National Agricultural Insurance Scheme (NAIS) would continue to service the WBCIS. The Banks in States which have not implemented NAIS would create the Nodal Bank system. Each Scheduled Commercial Bank shall fix Nodal Points which would deal with insurance company on behalf of its branches in the District / Region / State. The Nodal Points for Commercial Banks will be minimum one level above the Loan Disbursing Bank Branches. The Nodal Points for Cooperative Banks will be District Central Cooperative Banks (DCCBs) and those for the Regional Rural Banks (RRBs), its Head Office.

25.3.3 The Controlling / Corporate Offices of Banks shall issue appropriate instructions to Nodal Points as well as crop loan disbursing branches to ensure smooth implementation of the Scheme, including providing service to Non-Loanee cultivators.

25.3.4 Nodal Points would be designated to attend to the following functions:

- (i) On receipt of the communication on notification of crops and areas from the State Government, the Nodal Bank branches / Points will communicate the same to the branch offices under their control.
- (ii) The Lending Banks would advance additional loan to Loanee cultivators to meet the requirement of the premium payable by the farmer.
- (iii) Each such Nodal Point would submit the crop-wise, RUA-wise Crop Insurance Declarations in respect of the loanee cultivators to the Office of insurance company, in the prescribed format, along with the premium payable on the Acreage shown in the Loan Application Form. In case of Non-Loanee cultivators the same is to be submitted on the basis of Insurance Proposals submitted.
- (iv) Banks should ensure that the sanctioned credit limit / the eligible crop loans / seasonal operational loans availed for notified crop(s) are fully insured and the conditions stated in the Declarations submitted have been complied with.
- (v) The Nodal Banks may also collect the list of individual insured farmers with requisite details like name, fathers' name, Bank Account number, village, categories – S&M/SC/ST/Women, insured acreage, insured

- vi) The designated Insurance agents should ensure that insured farmers may **not be deprived of any benefit under the Scheme due to errors / omissions** / commissions of them, and if any, the concerned agents and insurance company shall only make good all such losses. Necessary administrative and legal action may also be taken for lapses in service / malpractices, if any, reported.

25.6 Role & Responsibilities of Weather data providers:

- (i) The Automatic Weather Stations (AWSs) and Automatic Rain Gauges (ARGs) of IMD, State Governments, Agriculture Universities or any other organizations / institutions and Independent Third Party like NCMSL, WRMS, Skymet etc. should only be notified as Reference Weather Stations (RWSs) or Back up Weather Stations (BWSs) which meets the basic minimum criteria fixed by the IMD / Government for the purpose.
- (ii) The data provider should ensure that all the equipments, weather sensors etc. of AWSs / ARGs should be standard, installed properly and regularly maintained as per the specification of World Meteorological Organisation (WMO) / guideline issued by IMD / DAC and the equipments should also be calibrated regularly.
- (iii) The data provider should maintain the quality of weather data and standards for dissemination, retrieval & validation of weather data etc.
- (iv) The data provider should work as independent from the insurer (insurance Company) and insured (farmer).
- (v) The data provider should provide weather data in prescribed formats on near real time basis and certified data within a week from the risk period to insurance company for timely processing of claims etc.
- (vi) The data provider should ensure that insured farmers may not be deprived of any benefit under the Scheme due to non-functioning of weather sensors / sub-standard data/ loss of data etc. and if any, the concerned agency shall only make good all such losses.
- (vii) The data provider should get the weather station equipment, exposure conditions, maintenance, data quality, etc. certified by an accreditation agency, who may randomly visit some of the weather stations from time to time.

25.7 Duties of Cultivators:

- (i) As the Scheme is compulsory for all Loanee cultivators availing SAO loans for notified crops, it is mandatory for all Loanee cultivators to insist on insurance coverage on the basis of acreage shown in the Loan Application for fixing the MBL, as per provisions of the Scheme.
- (ii) Any change in crop plan should be brought to the notice of the bank within one week of sowing.

- d) Maintaining the records of proposal forms, the other relevant documents and statements for the purpose of scrutiny / verification by insurance company or its authorized representatives.

25.4 Role and Responsibilities of implementing insurance company:

- (i) Underwriting Agency of WBCIS.
- (ii) Open a separate account for maintaining all transactions under the scheme in the account for audit by the Government Agency.
- (iii) Building crop yield and weather database and determination of actuarial premium rates using a sound and standard premium rating methodology.
- (iv) Claims processing, finalization and payment of the claims within 45 days of receipt of weather data subject to receipt of Government subsidy.
- (v) Disclose designated Agents in writing, before the underwriting of insurance for particular season.
- (vi) Creating 'Catastrophic Pool', if required for sharing the catastrophic losses.
- (vii) Negotiating Re-insurance arrangements well in advance.
- (viii) Coordinating with the States and other agencies for awareness and publicity of the scheme.
- (ix) Providing monthly progress returns / statistics or any information demanded by the Governments, both Central and State Government.
- (x) Obtain the list of insured farmers & beneficiaries with all requisite details from Nodal Banks and agents and upload the same in their website well in time.
- (xi) Redressal of all Public Grievances as per the timelines stipulated by IRDA.
- (xii) The coverage of loanee farmers should be carried out by insurance companies themselves; use of agents / brokers are not allowed.

25.5 Role & Responsibilities of designated Insurance agents:

- i) To educate the cultivators about WBCIS features.
- ii) To guide the cultivators for filing up the insurance proposal in the prescribed forms and collecting the required documents from Non-Loanee cultivators.
- iii) To collect the premium on behalf of Insurance company strictly as per the provision of WBCIS, and issue acknowledgment / receipt.
- iv) To prepare the consolidated statements of Non-Loanee cultivators, forwarding the same to the insurance company along with the premium amount well within the stipulated time.
- v) The designated Insurance agents may also prepare the list of individual insured farmers with requisite details like name, fathers' name, Bank Account number, village, categories – S&M/SC/ST/Women, insured acreage, insured crop(s), sum insured, premium collected, government subsidy etc. in soft copy and send the same to the concerned insurance company within 5 days after final cut-off date.

- (iii) In respect of Non-loanee cultivators, Insurance Proposals will be accepted only upto a stipulated cut-off date, which will be decided by the SLCCCI. Non-Loanee cultivators desirous of availing insurance under WBCIS will have to approach the nearest bank branch / PACS or insurance agents within the cut-off date.
- (iv) The important duties in case of Non-Loanee cultivators are as follows:
 - a) The farmer should open / operate an account in the branch of the designated bank.
 - b) The farmer must approach the designated branch / PACS, office of insurance company or insurance agent and submit the proposal form in the prescribed format.
 - c) The farmer should mention the land identification number in the proposal.
 - d) The farmer must provide documentary evidence in regard to the possession of cultivable land, if required.
 - e) The farmer must furnish area sown confirmation certificate, if required.
 - f) The farmer should ensure that he / she gets insurance coverage for a notified crop(s) cultivated / proposed to cultivate in a piece of land from a single source. In other words, double insurance is not allowed. A farmer found indulging in double / multiple insurances for the same piece of land / crop, shall not only forfeit the premium, but also face legal action.

26. IMPORTANT CONDITIONS / CLAUSES APPLICABLE FOR COVERAGE OF RISKS:

- 26.1. In case of any substantial misreporting by nodal bank /branch particularly of compulsory farmers coverage, concerned bank only shall be liable for such misreporting.
- 26.2. Insured / applicant must have insurable interest. Mere sanctioning / disbursement of crop loans and submission of proposals / declarations and remittance of premium by farmer/ bank, without explicit intent to raise the crop, does not constitute acceptance of risk by insurance company.

27. SERVICE TAX:

- 27.1 WBCIS is exempted from Service Tax at par with erstwhile NAIS.

28. CATASTROPHIC FUND:

- 28.1 A Catastrophic fund may be created through contribution of some portion of premium collected (1 to 2 %) by the insurance companies with the approval of the regulatory authority (IRDA / General Insurance Council) to

compensate & mitigate the financial hardship of the farmers in a situation of catastrophic losses arisen due to sudden violent changes / deviations in the weather parameters that may be uncontrollable & unavoidable and falls outside the boundary of the normal coverage limits of coverage.

29. NO CLAIM BONUS / BENEFITS:

- 29.1 In order to incentivize the farmers, who received no claims in the past years in any crop insurance policies, to continue with crop insurance schemes for subsequent renewals, a premium discount of 10% for no claims for three consecutive seasons and 15% for four consecutive seasons and 20% for five or more consecutive seasons will be passed on to the farmers. The seasons here means only Kharif seasons or only Rabi seasons. The discount is applicable only on farmers' share of premium and is applicable only if the same company gets to implement WBCIS in the district continuously for the said period.

30. Illustration for preparation of Term sheet:

- 30.1 Crop season is segregated into 3-4 phases according to important activities taking place in growth cycle of the crop (i.e. critical stages). For example, if rainfall period is from 15th June to 31st August. The requirement of rain (water) by the crop plant may also vary fortnightly (i.e. 1-15th July, 15-31st July, 1-15th August, 16-31st August, 1-15th September and so on) or monthly or such other period that the State Government decides. Therefore, the requirement of rainfalls / weather parameters should be assessed for each fortnight / month according to historical data. The pay-out trigger(s) should be fixed strictly according to demonstrated correlation with requirement of weather parameters to the crop at each critical stages and also soil types, topography etc. Product outlines of such product are given below:

Proceedings of the meeting of the State Level Co-ordination Committee on Crop Insurance (SLCCCI) held on 27-03-2014 at 11.00 A.M. under the Chairmanship of Additional Chief Secretary and Development Commissioner, Vidhana Soudha, Bangalore.

Members Present :- List enclosed.

The Director of Agriculture welcomed the Chairman and members of the Committee with brief introduction of the scheme. The Additional Chief Secretary and Development Commissioner chaired the meeting and initiated the discussions. After detailed deliberations the following decisions were taken:-

National Agricultural Insurance Scheme (NAIS)

1) Settlement of claims of Rabi and Summer 2012-13.

Director of Agriculture informed the committee that Agriculture Insurance Company of India Ltd., (AIC) had estimated the claims of Rabi & Summer 2012-13 amounting to Rs.3591.24 lakhs and reduced the claims to the extent of Rs.679.83 lakhs after applying area correction factor and the final claims is amounting to Rs.2911.41 lakhs and had requested the government for approval of the settlement of claims. The committee noted and ratified the action taken.

2) Settlement of claims of Kharif 2013 crops under NAIS

&

3) Settlement of claims of Kharif 2013 crops under pilot MNAIS

Director, Department of Economics and Statistics (DES) informed the committee that the yield data of all crops of Kharif 2013 will be given to AIC before March 2014.

The Chairman directed DES to provide the crop-wise yield data and area sown data within one month of harvesting of a crop in forth coming seasons to insurance companies and Insurance companies to settle the crop-wise claims within one month after receipt of yield data and area sown data from DES. He further directed DES to provide long duration crops yield data to insurance companies before cut off date and to prepare cropwise calender for Harvesting. The Chairman instructed to issue the separate Government order for the settlement of claims based on harvesting calender, cropwise.

NATIONAL CROP INSURANCE PROGRAMME (NCIP)

Modified National Agricultural Insurance Scheme (MNAIS)

4) Status of NCIP-MNAIS implemented during Rabi and Summer 2013-14.

The Regional Manager, AIC informed that 44818 farmers have participated by paying Rs. 336.19 lakhs as Premium for 20 crops in 21 districts.

5) Discussion on crops and areas to be notified under the scheme and Districts to be allotted to the various insurance companies during Kharif 2014.

The Director of Agriculture informed the committee that GOI has accorded administrative approval for continuing the scheme during Kharif 2014 in all the Districts. After detailed discussions, Committee decided as below;

- a. To implement this scheme during Kharif 2014 in all the districts by notifying 25 crops. Districtwise crops to be notified is given in **Annexure-1**.
- b. Talukwise one major crop to be notified at Grama Panchayath(GP) level and other crops at hobli level. The Director, DES proposed talukwise major crop with 100ha area coverage in GP to be notified at GP level as given in **Annexure-2** and the committee approved the same. Chairman instructed DES to apply stratified random sampling method for crops notified at hobli level so that number of Crop cutting experiments falling in GP's will be in proportion to the area in GP's.
- c. The Chairman instructed to re-evaluate the companies by re-looking into Sum insured offered by Companies. It was decided that the proposals of companies offering Sum insured amount less than the Minimum Support Price (MSP) X Threshold yield should be disqualified.
- d. Chairman instructed DES to provide Threshold yield of notified crops of all the districts to the Agriculture Department in every season to fix the Sum Insured.
- e. Committee Decided to use yield data of hobli or taluk as unit for calculation of Actual premium rates, Sum insured, Indemnity level as the historical yield data for GP is not available and decided to use District-wise premium rates in the notification for Kharif 2014.
- f. Committee approved the Seasonality discipline i.e Cut-off date for participation of both loanee and non-loanee farmers as **30-6-2014**.
- g. To restrict insurance coverage to 100% threshold yield.
- h. Committee approved the talukwise list of 2 calamity years for all the Districts given in **Annexure-3**.

Weather Based Crop Insurance Scheme (WBCIS)

6) *Progress made under NCIP- WBCIS during Rabi 2013-14.*

The details on progress by different insurance companies under NCIP- WBCIS pertaining to Rabi 2013-14 is as below;

Name of the Insurance Companies	No. of Farmers Enrolled	Provisional (Rs. in Lakhs)
		Farmers Premium (Lakhs)
AIC	3765	43.29
HDFC-ERGO GIC	613	2.94
ICICI Lombard GIC	252	14.45
Cholamandalam MS GIC	1	0.02
IFFCO-TOKIO GIC	81	2.85
Total	4712	63.55

The Chairman enquired about the low enrollment rate during Rabi 2013-14 and directed insurance companies to create more awareness among farming community.

(Action: All the Insurance Companies)

7) *Continuing the Weather Based Crop Insurance scheme during Kharif 2014 under NCIP and Discussion on crops and areas to be notified under the scheme and Districts to be allotted to the various insurance companies.*

The Director of Agriculture informed the committee that GOI has accorded administrative approval for continuing the scheme during Kharif 2014 in all the Districts. After detailed discussions Committee decided as below;

- To implement this scheme during Kharif 2014 in all the districts by notifying 11 Annual commercial and Horticultural crops viz., Cotton (Irrigated), Cotton (Rainfed), Onion (Irrigated), Onion (Rainfed), Chilli (Irrigated), Chilli (Rainfed), Potato (Irrigated), Potato (Rainfed), Banana, Grapes and pomogranate in 464 hoblis of all the Districts. Districtwise hoblis and crops list is given in **Annexure-4**.
- The committee approved the payout stuctures proposed by Insurance Companies. and allotted Districts to various Insurance Companies based on cropwise percentage payouts evaluated by Director, Karnataka State Natural Disaster Monitoring Centre (KSNDMC) as detailed in **Annexure-5**.
- Committee approved the reference weather stations and backup weather stations proposed by the KSNDMC.
- Committee approved the Cut-off date for participation of both loanee and non-loanee farmers as **30-6-2014**.

T

- e. The Committee approved the cropwise sum insured (Cost of Cultivation provided by Department of Horticulture) and premium percentage rates .

Sl. No.	Crops	Actual Premium (%)	Sum Insured (Rs./Ha.)
1	Onion (I)	12	86000
2	Onion(RF)	12	56000
3	Cotton (I)	12	50000
4	Cotton(RF)	12	40000
5	Potato(I)	12	100000
6	Potato(RF)	12	74000
7	Chilli(I)	12	98000
8	Chilli(RF)	12	67000
9	Grapes	12	120000
10	Banana	12	100000
11	Pomogranate	12	100000

The Chairman expressed concern over product development and fixing triggers by insurance companies under WBCIS. He instructed Scientists of all State Agricultural Universities and Department of Agriculture to suggest crop wise uniform triggers for coming seasons under WBCIS. The Scientists of all State Agricultural Universities, to verify the termsheets submitted by Insurance Companies for better phasewise triggers before evaluation by KSNDMC. He further directed to verify termsheets of any one district provided by insurance companies for kharif 2014 about Phasewise triggers, rainfall and weather parameters by the Scientists of State Agricultural Universities and Department of Agriculture.

8) Establishment of Telemetric Rainuage stations at Grama Panchayat level and bringing the unit of insurance at Grama Panchayath Level.

Director, KSNDMC informed the Committee that KSNDMC informed the committee that TRG's at Grama Panchayath level have been installed in 5 districts only. Hence the Committee decided to implement WBCIS at hobli level until completion of installation of TRG's at GP level in all the districts.

(Action: KSNDMC, Department of Agriculture)

9) Discussion on State Government subsidy for Coffee and Tobacco under WBCIS.

The Committee discussed this issue and decided to provide 25% State Government premium subsidy for Coffee crop but for Tobacco the decision could be taken after receipt of detailed proposal from Tobacco Board. .

(Action: Department of Agriculture & Coffee Board)

10) Other issues with the permission of the Chair.

The Chairman raised the issue of low enrollment of farmers compared to total number of farmers in the State. He instructed SLBC to make loanee farmers participation mandatory to all the Financial institutions as followed by DCC bank, Bidar.

The Committee directed DES to analyse the reasons as to why some districts are getting more claims compared to other districts. He instructed to make analysis of trend in participation and claims in a month's time. The members should be from DES, AIC and State Level Banker's Committee (SLBC). The Director, Karnataka State Remote Sensing Application Centre (KSRSAC) informed the committee that area sown figures can be analysed with satellite images. The Chairman directed Department of Agriculture, AIC and DES to analyse the kharif 2012 crop stand and yields of Gadag, Haveri and Dharwad districts with the help of satellite images of KSRSAC and submit the report by in one month.

The meeting concluded with vote of thanks.

- 4) ಮಾನ್ಯ ಉಪಾಧ್ಯಕ್ಷರು, ಜಿಲ್ಲಾ ಪಂಚಾಯತ ಧಾರವಾಡ
- 5) ಜಿಲ್ಲಾಧಿಕಾರಿಗಳು ಧಾರವಾಡ
- 6) ಮುಖ್ಯ ಕಾರ್ಯನಿರ್ವಾಹಕ ಅಧಿಕಾರಿಗಳು, ಜಿಲ್ಲಾ ಪಂಚಾಯತ ಧಾರವಾಡ
- 7) ಸೂಪರಿಂಟೆಂಡೆಂಟ್ ಆಫ್ ಪೋಲಿಸ ಧಾರವಾಡ ಜಿಲ್ಲೆ, ಧಾರವಾಡ
- 8) ಜಿಲ್ಲಾ ಪಂಚಾಯತ ಸದಸ್ಯರು

ಸಭೆಗೆ ಆಗಮಿಸಿದ್ದ ಮಾನ್ಯ ಶಾಸಕರುಗಳನ್ನು, ವಿವಿಧ ಇಲಾಖೆಯ ಜಿಲ್ಲಾ ಮಟ್ಟದ ಅಧಿಕಾರಿಗಳನ್ನು, ರೈತ ಮುಖಂಡರನ್ನು ಹಾಗೂ ಮಾಧ್ಯಮ ಪ್ರತಿನಿಧಿಗಳನ್ನು ಜಂಟಿ ಕೃಷಿ ನಿರ್ದೇಶಕರು, ಕೃಷಿ ಇಲಾಖೆ, ಧಾರವಾಡ ಇವರ ಸ್ವಾಗತದೊಂದಿಗೆ ಸಭೆಯು ಪ್ರಾರಂಭವಾಯಿತು.

ಸಭೆಯ ಪ್ರಾರಂಭದಲ್ಲಿ ಮಾನ್ಯ ಜಿಲ್ಲಾಧಿಕಾರಿಗಳು ಬೆಳೆ ವಿಮಾ ಯೋಜನೆಗಳಾದ ರಾಷ್ಟ್ರೀಯ ಕೃಷಿ ವಿಮಾ ಯೋಜನೆ ಹಾಗೂ ಹವಾಮಾನ ಆಧಾರಿತ ಬೆಳೆ ವಿಮಾ ಯೋಜನೆಗಳ ಬಗ್ಗೆ ಪ್ರಾಸ್ತಾವಿಕವಾಗಿ ಮಾತನಾಡುತ್ತಾ ಸದರ ಯೋಜನೆಗಳಡಿ ಸಮರ್ಪಕವಾದ ಪರಿಹಾರ ಇತ್ಯರ್ಥದ ಬಗ್ಗೆ ಸಂಬಂಧಿಸಿದ ಇಲಾಖೆಗಳ ಅಧಿಕಾರಿಗಳೊಂದಿಗೆ ಚರ್ಚಿಸಿ ವರದಿಯನ್ನು ಸರ್ಕಾರಕ್ಕೆ ಸಲ್ಲಿಸಲು ಕರಡು ಪ್ರತಿಯನ್ನು ತಯಾರಿಸಲಾಗಿದೆ ಎಂದು ಸಭೆಗೆ ತಿಳಿಸಿದರು. ಅಲ್ಲದೇ ಸಭೆಯಲ್ಲಿ ಹಾಜರಿದ್ದ ಜನಪ್ರತಿನಿಧಿಗಳು ಹಾಗೂ ರೈತ ಮುಖಂಡರುಗಳಿಗೆ ಸೂಕ್ತ ಸಲಹೆಗಳನ್ನು ನೀಡುವಂತೆ ಕೋರಿದರು.

ಈ ಹಂತದ ಸಭೆಯ ಚರ್ಚೆಯಲ್ಲಿ ಹಾಜರಿದ್ದ ರೈತ ಮುಖಂಡರು ರಾಷ್ಟ್ರೀಯ ಕೃಷಿ ವಿಮಾ ಯೋಜನೆಯಡಿ ಬೆಳೆ ಪರಿಹಾರ ಇತ್ಯರ್ಥ ಕ್ರಮವು ಅವೈಜ್ಞಾನಿಕವಾಗಿರುತ್ತದೆ, ಅಲ್ಲದೇ ಸದರ ಯೋಜನೆಯಡಿ ಬೆಳೆ ಪರಿಹಾರ ಇತ್ಯರ್ಥ ಪಡಿಸುವಲ್ಲಿ ಪರಿಗಣಿಸಲಾಗುವ ಮಾನದಂಡವಾದ ಸರಾಸರಿ ಇಳುವರಿ(3 ರಿಂದ 5 ವರ್ಷ)ಯ ಹಿಂದಿನ ಸಾಲುಗಳಿಗೆ ಸಂಬಂಧಿಸಿದ ವರದಿಯನ್ನು ಆಧರಿಸಿ ಕ್ರಮ ಜರುಗಿಸುವುದರ ಬದಲು ಆಯಾ ಸಾಲಿನಲ್ಲಿ ಕೈಗೊಳ್ಳಲಾಗುವ ಬೆಳೆ ಅಂದಾಜು ಸಮೀಕ್ಷೆಯಡಿ ದಾಖಲಿಸುವ ಇಳುವರಿಯನ್ನು ಪರಿಗಣಿಸಿದಲ್ಲಿ ರೈತರಿಗೆ ಅನುಕೂಲವಾಗುವುದೆಂದು ಸಭೆಗೆ ಮಾಹಿತಿಯನ್ನು ನೀಡಿದರು. ಅಲ್ಲದೇ ಈ ಕುರಿತು ಬೆಳೆ ಪರಿಹಾರ ಇತ್ಯರ್ಥ ಪಡಿಸುವಲ್ಲಿ ಸೂತ್ರವನ್ನು(Formula) ಸಹ ಬದಲಾಯಿಸುವಂತೆ ಕೋರಿದರು.

ಬೆಳೆ ವಿಮಾ ಯೋಜನೆಗಳನ್ನು ಅನುಷ್ಠಾನಗೊಳಿಸುವ ಪೂರ್ವದಲ್ಲಿಯೇ ಆಯಾ ಪ್ರದೇಶಗಳ ಹವಾಮಾನ, ಮಣ್ಣಿನ ಗುಣ ಧರ್ಮ ಹಾಗೂ ಫಲವತ್ತತೆಯನ್ನು ಆಧರಿಸಿ ನಿರ್ದಿಷ್ಟ ಬೆಳೆಗಳನ್ನು ಬೆಳೆಯುವಂತೆ ಸರ್ಕಾರ ಆದೇಶ ಹೊರಡಿಸಬೇಕು ಅಂದರೆ ಮಾತ್ರ ರೈತರಿಗೆ ಈ ಬೆಳೆ ವಿಮಾ ಕಾರ್ಯ ಕ್ರಮದಿಂದ ಪ್ರಯೋಜನವಾಗುವದೆಂದು ಹೇಳಿದರು. ಬೆಳೆ ವಿಮಾ ಯೋಜನೆಯ ಅನುಷ್ಠಾನದ ಜವಾಬ್ದಾರಿಯನ್ನು ಯಾವುದೇ ಬಹುದೇಶ ಸಂಸ್ಥೆ (Muliti National Companies)ಗಳಿಗೆ ವಹಿಸ ಬಾರದೆಂದೂ ಸಹ ಸಭೆಯಲ್ಲಿ ಹಾಜರಿದ್ದ ರೈತ ಮುಖಂಡರು ತಿಳಿಸಿದರು.

ಹವಾಮಾನ ಆಧಾರಿತ ಬೆಳೆ ವಿಮಾ ಯೋಜನೆಯನ್ನು ಆಯಾ ಪ್ರದೇಶದ ಬೆಳೆಗಳಿಗೆ ಬೇಕಾಗುವ ಹವಾಮಾನ ನಿಯತಾಂಕಗಳಾದ(Weather Parameters) ಮಳೆ, ಗಾಳಿ ವೇಗ, ತಾಪಮಾನ ಹಾಗೂ ಅದರ ತಿಳುವಳಿಕೆಗಳನ್ನು ಆಧರಿಸಿ ಅನುಷ್ಠಾನಗೊಳಿಸಲಾಗುವುದೆಂದು AIC ಸಂಸ್ಥೆಯ ಪ್ರತಿನಿಧಿಯಾದ ಶ್ರೀ ಪ್ರಭಾಕರ ಇವರು ಮಾಹಿತಿಯನ್ನು ನೀಡುವುದರ ಜೊತೆಗೆ 2008 ರಿಂದ 2014ರ ವರೆಗೆ 13 ಕಾಲಮಾನಗಳಪೈಕಿ 4 ಕಾಲಮಾನಗಳಲ್ಲಿ ರೈತರು ತುಂಬಿದ್ದ ಕಂತಿಗಿಂತ ಬೆಳೆ ಪರಿಹಾರವು ಕಡಿಮೆ ಬಂದಿದ್ದು, 9 ಕಾಲಮಾನಗಳಲ್ಲಿ ಸಮರ್ಪಕವಾದ ಪರಿಹಾರವನ್ನು ನೀಡಲಾಗಿದೆ ಎಂದು ತಿಳಿಸಿದರು. ಅಲ್ಲದೇ ಬೆಳೆ ವಿಮಾ ಯೋಜನೆಯು ಪಾರದರ್ಶಕವಾಗಿದ್ದು, ರೈತರಿಗೆ ಹೆಚ್ಚಿನ ಅನುಕೂಲವನ್ನು ಸಹ ಯೋಜನೆಯು ಒದಗಿಸುವುದು. ಅಧಿಸೂಚಿತ ಬೆಳೆವಾರು ವಿಮೆಯಲ್ಲಿ ಭಾಗವಹಿಸುವ ಅನುಮೋದಿತ ಸಂಸ್ಥೆಗಳವರು ಹವಾಮಾನ ನಿಯತಾಂಕಗಳನ್ನಾದರಿಸಿ ರೈತರಿಗೆ ಹೆಚ್ಚಿನ ಪರಿಹಾರವನ್ನು ನೀಡುವ ಲೆಕ್ಕಾಚಾರ ಪತ್ರಿಕೆ(Term Sheet)ಗೆ ಅನುಷ್ಠಾನಕ್ಕಾಗಿ ಒಪ್ಪಿಗೆ ನೀಡಲಾಗುವುದೆಂಬ ಮಾಹಿತಿಯನ್ನು ಸಭೆಗೆ ನೀಡಿದರು. ಈ ಸಂದರ್ಭದ ಸಭೆಯಲ್ಲಿ ಹಾಜರಿದ್ದ ರೈತರೆಲ್ಲರೂ 2013-14 ಮತ್ತು 2014-15 ನೇ ಸಾಲುಗಳಲ್ಲಿ ವಿವಿಧ ಬೆಳೆಗಳಿಗೆ ಪಾವತಿಸಲಾದ ರೈತರ ಪಾಲಿನ ವಿಮಾ ಕಂತನ್ನು ಕಡ್ಡಾಯವಾಗಿ ಮರುಪಾವತಿ ಮಾಡುವಂತೆ ಆಗ್ರಹಿಸಿದರು. ಈ ಹಂತದಲ್ಲಿ ಮಾನ್ಯ ಜಿಲ್ಲಾಧಿಕಾರಿಗಳು ಹವಾಮಾನ ಆಧಾರಿತ ಬೆಳೆ ವಿಮಾ ಯೋಜನೆಗೆ ಸಂಬಂಧಿಸಿದ ಲೋಪದೋಷಗಳನ್ನು ಸರಿಪಡಿಸಲು ಸಲಹೆ ನೀಡುವಂತೆ ಕೋರಿದರು. ಸದರ ಬೆಳೆ ವಿಮಾ ಯೋಜನೆಯಡಿ ಇತ್ಯರ್ಥ ಪಡಿಸಲಾದ ಪರಿಹಾರ ಕ್ರಮವು ಅಸಮರ್ಪಕವಾಗಿದ್ದು, ಜಿಲ್ಲೆಯ ತಾಲೂಕುಗಳ ವ್ಯಾಪ್ತಿಯಲ್ಲಿ ಬರುವ ಹೋಬಳಿವಾರು ಬೆಳೆಗಳನ್ನಯ ಪರಿಹಾರ ಮೊತ್ತದಲ್ಲಿ ತಾರತಮ್ಯವಿದ್ದು ಅದನ್ನು ಸರಿಪಡಿಸುವಂತೆ ಸೂಕ್ತ ಕ್ರಮ ಜರುಗಿಸಲು ರೈತರು ಆಗ್ರಹಿಸಿದರು.

ರೈತರು ಒಳ್ಳೆಯ ಬೆಳೆಗಳನ್ನು ತೆಗೆಯಲು ಅನುಕೂಲವಾಗುವಂತೆ ಹೋಬಳಿವಾರು ಮಳೆ ಮಾಪನ ಕೇಂದ್ರಗಳನ್ನು ಗ್ರಾಮ ಪಂಚಾಯತಗಳಿಗೆ ಅಳವಡಿಸಲು ಸೂಚಿಸಿದರು. ಬ್ಯಾಂಕಿನವರು ಬೆಳೆ ವಿಮೆ ಶೇ4% ಬಡ್ಡಿ ನೀಡಿ ಬೆಳೆ ವಿಮೆಗೆ ಶೇ14% ರಷ್ಟು ಬಡ್ಡಿ ವಿಧಿಸುವುದಾಗಿ ತಿಳಿಸಿದರು. ಅಲ್ಲದೇ ಎಲ್ಲಾ ಬ್ಯಾಂಕಿನವರಿಗೆ ಬೆಳೆ ಸಾಲ ಪಡೆದ ರೈತರಿಗೆ ಬೆಳೆ ವಿಮೆ ಕಂತನ್ನು ಕಡ್ಡಾಯವಾಗಿ ಪಾವತಿಸುವಂತೆ ಒತ್ತಾಯ ಮಾಡದಿರುವಂತೆ ಸೂಚನೆ ನೀಡಲು ಆಗ್ರಹಿಸಿದರು. ರೈತರ ಸಮಸ್ಯೆಗಳನ್ನು ಆಲಿಸದ ಜಿಲ್ಲಾಧಿಕಾರಿಗಳು ರೈತರು ಬೆಳೆದ ಬೆಳೆಗಳಿಗೆ ಪರಿಹಾರ ನೀಡುವ ಕುರಿತು ಪರಿಶೀಲಿಸಿ ಬೆಳೆ ವಿಮೆಯನ್ನು ನಿಗದಿ ಪಡಿಸಲು ಹಾಗೂ ರೈತರ ಸಮಸ್ಯೆಗಳಿಗೆ ಸಲಹೆಗಳನ್ನು ನೀಡಲು ಇನ್ನೂರನ್ನ ಕಂಪನಿಯವರು ಸೂಚನೆ ನೀಡುವುದಾಗಿ ರೈತರಿಗೆ ಮನವಲಿಸಿದರು.

ಕೊನೆಯದಾಗಿ ಎಲ್ಲ ರೈತರು, ಮಾನ್ಯ ಶಾಸಕರು ಹಾಗೂ ಇನ್ನೂರನ್ನ ಕಂಪನಿಯವರು ಬೆಳೆ ವಿಮೆಯ ಪರಿಹಾರ ಕುರಿತು ಆರೋಪ ಮತ್ತು ಪ್ರತ್ಯಾರೋಪಗಳನ್ನು ಆಲಿಸಿ ಜಿಲ್ಲಾಧಿಕಾರಿಗಳು ಎಲ್ಲ ರೈತರ ಬೇಡಿಕೆಗಳನ್ನು ಹಾಗೂ ಸಲಹೆ ಸೂಚನೆಗಳನ್ನು ಪರಿಗಣಿಸಿ, ಸಂಬಂಧಿಸಿದವರೊಂದಿಗೆ ಚರ್ಚಿಸಿ ತುರ್ತಾಗಿ ಪರಿಹಾರ ವಿತರಿಸಲು ಸರ್ಕಾರಕ್ಕೆ ವರದಿಸುವುದಾಗಿ ತಿಳಿಸಿದರು ಅಲ್ಲದೇ ಎಲ್ಲ ರೈತ ಬಾಂಧವರ ನೇರವಿಗಾಗಿ ಸದಾ ಸರ್ಕಾರವು ಇರುವುದಾಗಿ ಸಭೆಗೆ ತಿಳಿಸಿದರು.

ವಂದನಾರ್ಪಣೆಯೊಂದಿಗೆ ಸಭೆಯನ್ನು ಮುಕ್ತಾಯಗೊಳಿಸಲಾಯಿತು.

ANNEXURE 'J'

ದಿನಾಂಕ :

10 DEC 2015

ಗೆ,
ಮಾನ್ಯ ಗೌರವಾನ್ವಿತ ಮುಖ್ಯ ಮಂತ್ರಿಗಳು,
ಕರ್ನಾಟಕ ಸರ್ಕಾರ,
ಬೆಂಗಳೂರು.

ವಿಷಯ: ಕರ್ನಾಟಕ ರಾಜ್ಯ, ಹವಾಮಾನ ಆಧಾರಿತ ಮುಂಗಾರು ಬೆಳೆ
ವಿಮೆ 2014 (WBCIS) ಅನುಷ್ಠಾನ ಮಾಡುವ ಕಾಲಕ್ಕೆ ಕೇಂದ್ರ
ಸರ್ಕಾರದ ಬೆಳೆ ವಿಮೆ ಕೈಪಿಡಿ ಪರಿಪಾಲಿಸಿದೆ ವ್ಯತ್ಯಾಸ
ಮಾಡಿದ್ದನ್ನು ಸರಿಪಡಿಸುವ ಕುರಿತು.

ಗೌರವಾನ್ವಿತರೆ,

ಈ ಮೇಲ್ಕಾಣಿಸಿದ ವಿಷಯಕ್ಕೆ ಸಂಬಂಧಿಸಿದಂತೆ, ಹಾಗೂ ರೈತರ
ಪರವಾಗಿ ಸಲ್ಲಿಸುವ ಮನವಿ ಏನೆಂದರೆ, ಕರ್ನಾಟಕ ರಾಜ್ಯದ ಹವಾಮಾನ ಆಧಾರಿತ
ಬೆಳೆ ವಿಮೆ 2014 ರ ಮಂಜೂರಿ ಮಾಡುವ ಕಾಲಕ್ಕೆ ಕೇಂದ್ರ ಸರ್ಕಾರದ ಬೆಳೆ ವಿಮೆ
ಕೈಪಿಡಿ ವ್ಯತ್ಯಾಸ ಮಾಡಿ ಕಟ್ಟು ನಿಟ್ಟಾಗಿ ಪರಿಪಾಲಿಸಿದ ಕಾರಣ ಬೆಳೆ ವಿಮೆ ರೈತರಿಗೆ
ದೊರಕದ ಕಾರಣ ಸಂಕಷ್ಟ ಉಂಟಾಗಿದೆ.

ಕೇಂದ್ರ ಸರ್ಕಾರ ನಿಗದಿ ಪಡಿಸಿದಂತೆ, ಘನ ಕರ್ನಾಟಕ ಸರ್ಕಾರ
ಹವಾಮಾನ ಆಧಾರಿತ ಬೆಳೆ ವಿಮೆ 2014 ಪ್ರಕಟಪಡಿಸಲಾಯಿತು. ಸದರ ಪ್ರಕಟಣೆ
ಮೇರೆಗೆ ರೈತರು ಬೆಳೆ ವಿಮೆ ತುಂಬಿದ್ದು ಇರುತ್ತದೆ. 2014 ಜೂನ್ ರಿಂದ ಸಪ್ಟೆಂಬರ್
ಅವಧಿಯಲ್ಲಿ ಸೃಷ್ಟಿ ವಿಕೋಪದಿಂದ ನಿಯಮಿತ ಮಳೆ ಆಗದ ಕಾರಣ, ರೈತರಿಗೆ ಸಾಕಷ್ಟು
ಬೆಳೆ ಹಾನಿ ಹಾಗೂ ಆರ್ಥಿಕ ಲುಕ್ವಾನು ಆಗಿರುತ್ತದೆ. ಕರ್ನಾಟಕ ರಾಜ್ಯ ಸರ್ಕಾರದ
ಇಲಾಖಾ ಅಧಿಕಾರಿಗಳು ಮಾಮೂಲಾದ ಮಳೆ ಆಗಿದೆ ಎಂದು ಪ್ರಕಟ ಪಡಿಸಿದ ಕಾರಣ
ಕೃಷಿ ವಿಮೆ ಕಂಪನಿ ಯಾವುದೇ ಬೆಳೆ ವಿಮೆ ಪರಿಹಾರ ರೈತರಿಗೆ ಮಂಜೂರ
ಮಾಡಿರುವುದಿಲ್ಲ.

ಕ. ಮಾನ್ಯ ಕೃಷಿ ಮಂತ್ರಿಗಳ ಆಧ್ಯಕ್ಷತೆಯಲ್ಲಿ ಸಮ್ಮುಖವಾದ ವಿಡಿಯೋ ಸಭಾಂಗಣದಲ್ಲಿ ನಡೆದ ಸಭೆ ದಿ: 03.01.2014 ರಂದು 3.00 ಘಂಟೆಗೆ ಆದ ಬೆಳೆ ವಿಮೆ ಜ್ಞಾನಿಗೊಳಿಸಲು ನಿರ್ಣಯಿಸಿದ ಅಳವಡಿಕೆಗಳು.

ಡ. ಮಾನ್ಯ ಹೆಚ್ಚುವರಿ ಮುಖ್ಯ ಕಾರ್ಯದರ್ಶಿ, ವಿಧಾನ ಸೌಧ, ಬೆಂಗಳೂರು ಇವರ ಅಧ್ಯಕ್ಷತೆಯಲ್ಲಿ ರಾಜ್ಯ ಮಟ್ಟದ ಹೊಂದಾಣಿಕೆ ಸಭೆ (SLCCCI) ಯಲ್ಲಿ ಕೃಷಿ ವಿಮೆ ಕುರಿತು ದಿ: 27.03.2014 ರಂದು ಮುಂಜಾನೆ 11 ಘಂಟೆಗೆ ನಡೆದ ಸಭೆಯ ನಡುವಳಿಕೆಗಳು.

ಇ. ದಿನಾಂಕ 01.08.2015 ರಂದು ಸಾರ್ವಜನಿಕ ಸಭೆಯಲ್ಲಿ ಮಾನ್ಯ ಜಿಲ್ಲಾಧಿಕಾರಿಗಳು ಧಾರವಾಡ ಬೆಳೆ ವಿಮೆ ಕುರಿತು ಸೂಚಿಸಿದ ಶಿಫಾರಸುಗಳು.

ಬೆಳೆ ವಿಮೆ ಘಟಕದ ಅಧಿಕಾರಿಗಳು, ಕೇಂದ್ರ ಸರ್ಕಾರ ಕಡ್ಡಾಯವಾಗಿ ಸೂಚಿಸಿದ ಹವಾಮಾನ ಬೆಳೆ ವಿಮೆ ನಿಯಮಾವಳಿಗಳನ್ನು ಪರಿಪಾಲಿಸಿ ಕಾರ್ಯಗತಗೊಳಿಸಿಲ್ಲ. ಕಾರಣ ರೈತ ಸಮುದಾಯಕ್ಕೆ ತುಂಬಲಾರದ ಹಾನಿ ಉಂಟು ಮಾಡಿದ್ದಾರೆ. ವ್ಯತ್ಯಾಸಗಳು ಈ ಕೆಳಕಂಡಂತೆ ಇರುತ್ತವೆ.

1. ಬೆಳೆ ಹಂತ ವ ದೋಷದರ್ಶಿ (Critical Stage) ಹಂತ ಗುರುತಿಸುವುದು. - ನಿಯಮಾವಳಿ ಪ್ರಕಾರ ನಂ. 30.1 ರಂತೆ - ಬೆಳೆ ಬೆಳವಣಿಗೆ ಕುರಿತು 3 ರಿಂದ 4 ಹಂತದಲ್ಲಿ ಪ್ರತಿ ಬೆಳೆಯ 15 ರಿಂದ 30 ದಿನಗಳ ಬೆಳವಣಿಗೆ ವಿಭಾಗಿಸಿ ಕಾಲಾವಧಿ ಗುರುತಿಸುವುದು. ಆರ್.ಆರ್.ಡಿ.ಎ. ನಿರ್ಣಯಿಸಿದ ಪ್ರಕಾರ ಬೆಳೆಗಳನ್ನು 1) ಮೊಳಕೆ ಹಂತ, 2) ಸಸ್ಯ ಬೆಳವಣಿಗೆ ಹಂತ, 3) ಹೂವು ಬಿಡುವ ಹಂತ, 4) ಬೆಳೆ ಪಕ್ವತೆ ಹಾಗೂ ಒಕ್ಕುವ ಹಂತವಾಗಿ ವಿಭಾಗಿಸಿದೆ. ಆದರೆ ರಾಜ್ಯ ಸರ್ಕಾರ ಕೃಷಿ ಇಲಾಖೆ ಪ್ರಕಟ ಪಡಿಸಿದ ಮಾರ್ಗಸೂಚಿಯಲ್ಲಿ ಮೇಲೆ ನಮೂದಿಸಿದ ಹಂತಗಳನ್ನು

ಒಳಗೊಂಡಿಲ್ಲ, ಕೇವಲ ಜೂನ್ 1 ರಿಂದ ನವೆಂಬರ್ 2014, 168 ದಿನಗಳ ಕ್ರೋಢಿಕರಿಸಿ ಒಂದೆ ಹಂತದಲ್ಲಿ ನಿಗದಿಪಡಿಸಿರುತ್ತಾರೆ.

2. ಚಾಪು (Trigger) ಮಟ್ಟದ ಪ್ರತಿ ಹಂತ - ನಿಯಮಾವಳಿ ಪ್ಯಾರಾ ನಂ. 8.2.2 ರಂತೆ - ಯಾವುದೇ ಬೆಳೆ ಹಂತ, ತಳಹದಿ ಆಧಾರ ಇಲ್ಲದೇ, ಐತಿಹಾಸಿಕ ಹವಾಮಾನ ಹಾಗೂ ಉತ್ಪನ್ನ ಅಂಕಿ ಸಂಖ್ಯೆ ಮಾಹಿತಿ ಮೇರೆಗೆ ಗುರುತಿಸದೇ ಒಂದಕ್ಕೊಂದು ಹೊಂದಾಣಿಕೆ ಪ್ರದರ್ಶಿಸಿ ಪ್ರತಿ ಹಂತಕ್ಕೆ ಗುರುತಿಸಬೇಕಿತ್ತು, ಆದರೆ ಒಂದೆ ಹಂತದಲ್ಲಿ ಎಲ್ಲಾ ಬೆಳೆಗಳ ಸರಾಸರಿ ಮಳೆ ಲೆಕ್ಕಾಚಾರ ಪ್ರಕಟಣೆ ಮಾಡಿದ ಕಾರಣ ತಪ್ಪಿ ಹೋಗಿರುತ್ತದೆ.
3. ಬೆಳೆ ವಿಮೆ ಹಣ ಗುರುತಿಸುವದು- ನಿಯಮಾವಳಿ ಪ್ಯಾರಾ ನಂ. 9.2 ರಂತೆ - ಬೆಳೆ ಖರ್ಚು ಕ್ರೋಢಿಕರಿಸಿ, ಅದಕ್ಕೆ ಸಮವಾಗುವಂತೆ ಆಪತ್ಕಾಲಿಕ ಬೆಳೆ ವಿಮಾ ಹಣ ಹಂತ ಹಂತವಾಗಿ ವಿಭಾಗ ಮಾಡಿ ಮಂಜೂರು ಮಾಡಲು ನಿಯಮಾವಳಿಗಳಲ್ಲಿ ನಿರ್ದೇಶಿಸಿದ್ದರೂ, ಒಂದೇ ಹಂತದಲ್ಲಿ ಬೆಳೆ ವೆಚ್ಚದ ಹಣ ಗುರುತಿಸಿದ ಪರಿಣಾಮ ರೈತರಿಗೆ ಭಾಗಶಃ ವಿಮೆ ಹಣ ಕೈತಪ್ಪಿದೆ.
4. ರೈತರ ಸಹಭಾಗಿತ್ವ - ನಿಯಮಾವಳಿ ಪ್ಯಾರಾ ನಂ. 3.3 ರಂತೆ - ರಾಜ್ಯ ಸರ್ಕಾರ ನೇಮೂಣಿಕೆ ಮಾಡಿದ ರಾಜ್ಯ ಮಟ್ಟದ ವಿಮೆ ಸಮೀತಿ (SLCCCI) ಯಲ್ಲಿ WBCIS ನಿಯಮಾವಳಿ ಅನುಷ್ಠಾನಗೊಳಿಸಲು ರೈತರ ಪ್ರತಿನಿಧಿ ಸೇರಿಸಬೇಕಿತ್ತು. ಆದರೆ ರಾಜ್ಯ ಕೃಷಿ ಇಲಾಖೆ ರೈತ ಪ್ರತಿನಿಧಿ ಅಥವಾ ರೈತ ಸಂಘದ ಪ್ರತಿನಿಧಿ ಬೆಳೆ ವಿಮಾ ಸಮಿತಿಯಲ್ಲಿ ನೇಮೂಣಿಕೆ ಮಾಡದೇ, ಸಾರ್ವಜನಿಕ ರೈತ ಸಮುದಾಯದಿಂದ ಅಭಿಪ್ರಾಯ ಪಡೆಯದೇ ಬೆಳೆ ವಿಮೆ ಯೋಜನೆ ಕಾರ್ಯರೂಪಕ್ಕೆ ತಂದಿದ್ದು ಅದೆ.
5. ವೈಜ್ಞಾನಿಕ ಅಧ್ಯಯನ ಮೇರೆಗೆ ಬೆಳೆ ಹಂತ ಚಾಪು ಗುರುತಿಸುವದು - ಡಾ. ಎಚ್. ವೆಂಕಟೇಶ, ವಿಜ್ಞಾನಿ, ಕೃಷಿ ವಿಶ್ವವಿದ್ಯಾಲಯ ಧಾರವಾಡ ಸೂಚಿಸಿದ ಮಾರ್ಗಸೂಚಿ ಮೇರೆಗೆ ಬೆಳೆ ಹಂತ ವೈಜ್ಞಾನಿಕ ಅಧ್ಯಯನ ಮೇರೆಗೆ ಹಂತ ಗುರುತಿಸಬೇಕಾಗುವದು. ದಿ: 03.01.2014 ರ ಸಭೆಯಲ್ಲಿ ಡಾ. ಎಚ್. ವೆಂಕಟೇಶ, ವಿಜ್ಞಾನಿ, ಕೃಷಿ ವಿಶ್ವವಿದ್ಯಾಲಯ ಧಾರವಾಡ ಸಲಹೆಗಳನ್ನು ನೀಡಿರುತ್ತಾರೆ. ವೈಜ್ಞಾನಿಕ ಅಧ್ಯಯನ ಮೇರೆಗೆ ಬೆಳೆ ವಿಮೆ ಹಂತ ಗುರುತಿಸದೇ ಅವೈಜ್ಞಾನಿಕವಾಗಿ ಬೆಳೆ ವಿಮೆ ಹಂತ ಯೋಜನೆ ಮಾಡಿದ್ದು ಇದೆ.

6. ಟರ್ಮಿನೇಟು ಪ್ರಕಟ ಪಡಿಸುವ ಪೂರ್ವದಲ್ಲಿ ಪರಿಶೀಲಿಸುವದು - WBCIS ಪ್ರಕಾರ ವಿಜ್ಞಾನಿಗಳು ಟರ್ಮಿನೇಟು ಪರಿಶೀಲಿಸಲು SLCCCI ಅಧ್ಯಕ್ಷರು ಸೂಚಿಸಿರುತ್ತಾರೆ ಟರ್ಮಿನೇಟಿನಲ್ಲಿ ಸ್ಪಷ್ಟವಾಗಿ ಬೆಳೆ ವಿಮಾ ಹಂತಗಳನ್ನು ಪರಿಶೀಲಿಸಿ ನಂತರ ಪ್ರಕಟಿಸಲು ಸೂಚಿಸಿರುತ್ತಾರೆ. ದಿ: 27.03.2014 ರ ಸಭೆಯಲ್ಲಿ ಈ ನಿರ್ದೇಶನ ನೀಡಲಾಗಿದೆ. ಆದರೆ ಸಂಬಂಧಿಸಿದ ಅಧಿಕಾರಿಗಳು ನಿರ್ದೇಶನದ ಮೇಲೆ ಯಾವುದೇ ಕ್ರಮ ಕೈಕೊಂಡಿಲ್ಲ.

ಮಾನ್ಯರೆ, ಮೇಲೆ ತಿಳಿಸಿದ ವಿಮಾ ಅನುಷ್ಠಾನದಲ್ಲಿ ಆದ ತಪ್ಪುಗಳನ್ನು ಈಗಾಗಲೇ ಧಾರವಾಡ ಜಿಲ್ಲಾಧಿಕಾರಿಗಳಿಂದ ಸಂಬಂಧಪಟ್ಟ ಅಧಿಕಾರಿಗಳ ಗಮನಕ್ಕೆ ತರಲಾಗಿದೆ. ದಿ: 01.08.2015 ರಂದು ತಿದ್ದುಪಡಿ ಮಾಡಲು ಶಿಫಾರಸು ಮಾಡಿದ್ದಾರೆ. ಆದರೂ ಇಲಾಖೆಯವರು ಯಾವುದೇ ಕ್ರಮ ಕೈಕೊಳ್ಳದೆ ತಿದ್ದುಪಡಿ ಮಾಡದೇ ನಿರ್ಲಕ್ಷ್ಯ ರೈತರಿಗೆ ಸಮಸ್ಯೆ ತಂದಿದ್ದಾರೆ.

ನಾನು ನವಲಗುಂದ ವಿಧಾನ ಸಭಾ ಕ್ಷೇತ್ರದ ಎ.ಆರ್.ಸಿ ಇವರು ಸೂಚಿಸಿದ ಬೇರೆ ಬೇರೆ ಬೆಳೆಗಳಿಗೆ ಮಳೆಯ ಪ್ರಮಾಣದ ವ ಲೆಕ್ಕಾಚಾರ ವಿವರ ಅವಗಹನೆಗಾಗಿ ಲಗತ್ತಿಸಿದೆ. ಬೇರೆ ರಾಜ್ಯಗಳ 2014 ಮುಂಗಾರು ಹವಾಮಾನ ಬೆಳೆ ವಿಮಾ ಪ್ರಕಟಣೆ ಲಗತ್ತಿಸಿದೆ. ಮಹಾರಾಷ್ಟ್ರ, ಆಂಧ್ರಪ್ರದೇಶ, ಚತ್ತಿಸಗಢ, ತೆಲಂಗಾಣ, ರಾಜಾಸ್ಥಾನ ಮತ್ತು ಜಮ್ಮು ಕಾಶ್ಮೀರ ರಾಜ್ಯಗಳಲ್ಲಿ ಕೇಂದ್ರ ಸರಕಾರ ಸೂಚಿಸಿದ ನಿಯಮಾವಳಿಗಳನ್ನು ಕಾರ್ಯರೂಪಕ್ಕೆ ತಂದ ದಾಖಲೆ ಹಾಜರ ಪಡಿಸಿದೆ. ಬೆಳೆ ಅವಧಿ, ಬೆಳೆ ಹಂತ, ಪ್ರತಿ ಬೆಳೆಯ ಹಂತ, ಬೆಳೆ ವಿಮೆಯ ಪ್ರತಿ ಹಂತಗಳೊಂದಿಗೆ ಬೇರೆ ಬೇರೆ ಬೆಳೆಗಳನ್ನು ವಿಭಾಗಿಸಿ ಕೇಂದ್ರ ಸರಕಾರದ ಹವಾಮಾನ ಆಧಾರಿತ ಬೆಳೆ ವಿಮೆ ಸೂಚನೆಗಳನ್ನು ಲಗತ್ತಿಸಿದೆ.

ಕೇಂದ್ರ ಸರಕಾರ ನಿರ್ದೇಶಿಸಿದಂತೆ ಇಲಾಖಾ ಅಧಿಕಾರಿಗಳು ಹವಾಮಾನ ಆಧಾರಿತ ಬೆಳೆ ವಿಮಾ ಪದ್ಧತಿ ಕಾರ್ಯರೂಪಕ್ಕೆ ತಂದಿದ್ದರೆ, ಪ್ರತಿ ರೈತನು ತುಂಬಿದ ವಿಮಾ ಕಂತಿನ ಕನಿಷ್ಠ 8 ರಿಂದ 10 ಪಟ್ಟು ಬೆಳೆ ಪರಿಹಾರ ದೊರಕುತ್ತಿತ್ತು. ಆದರೆ

ಮೇಲೆ ವಿವರಿಸಿದ ಹಂತಗಳನ್ನು ಪರಿಶೀಲಿಸದೇ ಕೇವಲ ಒಂದೇ ಬೆಳೆ ಹಂತ ಕೃಷಿ ಇಲಾಖೆ ಗುರುತಿಸಿದ ಕಾರಣ ಅತೀ ಕನಿಷ್ಠ ಪರಿಹಾರ ಹಣವೂ ಕೂಡಾ ದೊರೆತಿಲ್ಲ.

ರಾಜ್ಯ ಸರ್ಕಾರದ ಕೃಷಿ ಇಲಾಖಾ ಅಧಿಕಾರಿಗಳಿಂದ ದೋಷಪೂರಿತ, ಬೇಜವಾಬ್ದಾರಿ ಹವಾಮಾನ ಬೆಳೆ ವಿಮೆ ಅನುಷ್ಠಾನ ವ ಕಾರ್ಯನೀತಿಯಿಂದ ರೈತರ ಆರ್ಥಿಕ ಸ್ಥಿತಿ ಹದಗೆಟ್ಟು ಆತ್ಮಹತ್ಯೆ ಮಾಡಿಕೊಳ್ಳುವ ಕಠೋರ ಹಂತ ತಲುಪಿದ್ದಾರೆ. ತಾವುಗಳು ದಿನನಿತ್ಯ ಮುಖ್ಯ ಸುದ್ದಿ ವಾಹಿನಿಗಳಲ್ಲಿ ಗಮನಿಸಿದ್ದೀರಿ. ಕೇವಲ ಧಾರವಾಡ ಜಿಲ್ಲೆ ರೈತ ಸಮುದಾಯದಿಂದ ಬೆಳೆ ನಷ್ಟವಾಗಿ, ಸಾಲಭಾದೆಯಿಂದ ದಿನನಿತ್ಯದ ಅವಶ್ಯಕತೆ ಪೂರೈಸಿಕೊಳ್ಳದಂತಾಗಿ 25 ರೈತರು ಆತ್ಮಹತ್ಯೆ ಮಾಡಿಕೊಂಡಿದ್ದು ಅದೆ.

ಧಾರವಾಡ ಜಿಲ್ಲೆಯಿಂದ 74890 ರೈತರು ರೂ. 4808.395 ಲಕ್ಷಗಳಷ್ಟು ಹವಾಮಾನ ಬೆಳೆ ವಿಮೆ ಪ್ರೀಮಿಯಂನ್ನು ಪಾವತಿಸಿದ್ದಾರೆ. ಆದರೆ ರೈತರಿಗೆ ಹವಾಮಾನ ಬೆಳೆ ವಿಮೆ ಕೇವಲ ರೂ. 1720.452 ಲಕ್ಷಗಳಷ್ಟು ಬಿಡುಗಡೆಯಾಗಿರುತ್ತದೆ. ರೌತರು ತುಂಬಿದ ಬೆಳೆ ವಿಮೆ ಪ್ರೀಮಿಯಂಗಿಂತ ಬಹಳ ಕಡಿಮೆ ವಿಮೆ ಮೊತ್ತ ರೈತರಿಗೆ ಬಂದಿದ್ದು ಮೋಸ ಮಾಡುವ ಯೋಜನೆಯಾಗಿದೆ. ರಾಜ್ಯದಲ್ಲಿ ಇದೊಂದು ತರಹ ಲಾಠಿ ದಂಧೆಯಾದಂತಾಗಿರುತ್ತದೆ.

ತಕ್ಷಣ ಸರ್ಕಾರ ಇದನ್ನು ಗಂಭೀರವಾಗಿ ಪರಿಶೀಲನೆ ಮಾಡಿ ಬೆಳೆ ವಿಮೆ ಬಿಡುಗಡೆ ಮಾಡಲು ಕ್ರಮ ತೆಗೆದುಕೊಳ್ಳಬೇಕು. ನನ್ನ ಮತಕ್ಷೇತ್ರದ ನವಲಗುಂದ ಹಾಗೂ ಹುಬ್ಬಳ್ಳಿ ತಾಲೂಕಿಗೆ ಮತ್ತು ಇತರೇ ತಾಲೂಕಿಗೆ ದೊಡ್ಡ ಅನ್ಯಾಯವಾಗಿದ್ದು ತಕ್ಷಣ ಸಂಬಂಧಿಸಿದ ಅಧಿಕಾರಿಗಳನ್ನು ಹಾಗೂ ವಿಮಾ ಸಂಸ್ಥೆಯವರನ್ನು ಒಳಗೊಂಡಂತೆ ಸಭೆ ಕರೆದು ಈ ಸಮಸ್ಯೆಗೆ ರೈತರಿಗೆ ಪರಿಹಾರ ನೀಡಲು ಮೇಲೆ ಕಾಣಿಸಿದ ತಪ್ಪುಗಳನ್ನು ಸರಿಪಡಿಸಿ ರೈತರಿಗೆ ಸಹಾಯ ಮಾಡಲು ವಿನಂತಿಸುತ್ತೇನೆ.

ಧನ್ಯವಾದಗಳೊಂದಿಗೆ,

ಬೆಂಗಳೂರು.

APPLICATION FOR DISPENSATION
FILED UNDER SECTION 151 OF THE CODE OF CIVIL PROCEDURE, 1908

The Petitioner submits as follows:

1. The above Writ Petition is filed seeking for a Writ of Certiorari to quash the "Term Sheet" notified by the Department of Agriculture, Government of Karnataka, - Respondent No. 2 dated 15.04.2014, which is de hors the guidelines and outlines dated 04.02.2014 issued by the Ministry of Agriculture & Farmers Welfare - Respondent. No. 1. The Petitioner is further seeking for a Writ of Mandamus to the Respondents to pay the Petitioner the sum assured under the agricultural insurance policy.
2. The Respondents on receipt of the premium amount have not given the Petitioners the Policy Cover and other documents. Hence, the original Term Sheet is unavailable for perusal of this Hon'ble Court. The Petitioner is trying to procure a certified copy of the impugned Term Sheet for annexing it to the Petition. However, due to urgency in the Petition, the production of the certified copy of the Term Sheet may be dispensed with for now. The Petitioner has produced the photocopies of the impugned Term Sheet for perusal of this Hon'ble Court. It is therefore just and necessary to dispense with the production of the original / certified copies of impugned Term Sheet.

The Petitioner hereby undertakes to produce the same within a period of 8 weeks.

Wherefore, it is prayed that this Hon'ble Court may be pleased to allow this application and consequently dispense with the production of the certified copies / original of the Term Sheet issued by Respondent No. 2 -- State of Karnataka, Department of Agriculture, bearing No. Agriculture Department / 38 / Agricultural Production Department /2014 (Kru Ee / 38 / Kru Uu Ee / 2014) dated 15.04.2014 (marked as **Annexure "A"**), for 8 weeks, in the interest of justice.
